At the same time, Barcas who has finally returned to the isle of Silha, gained audience with the supreme Commander Alkanfel who after his long sleep finally awakens.

GUYVER ADVOCACY

Lord Richard Guyot!?
Chapter 174
Coming together of Shadows
Former Cronos' Highest Management...
One of the "12 Holy Commanders"....

GUYVER ADVOCACY

"Richard Guyot".... he said?
That's "Guyot"!?
The one who rebelled against Archan-phel...
The one amongst the Zoalords

Huh...

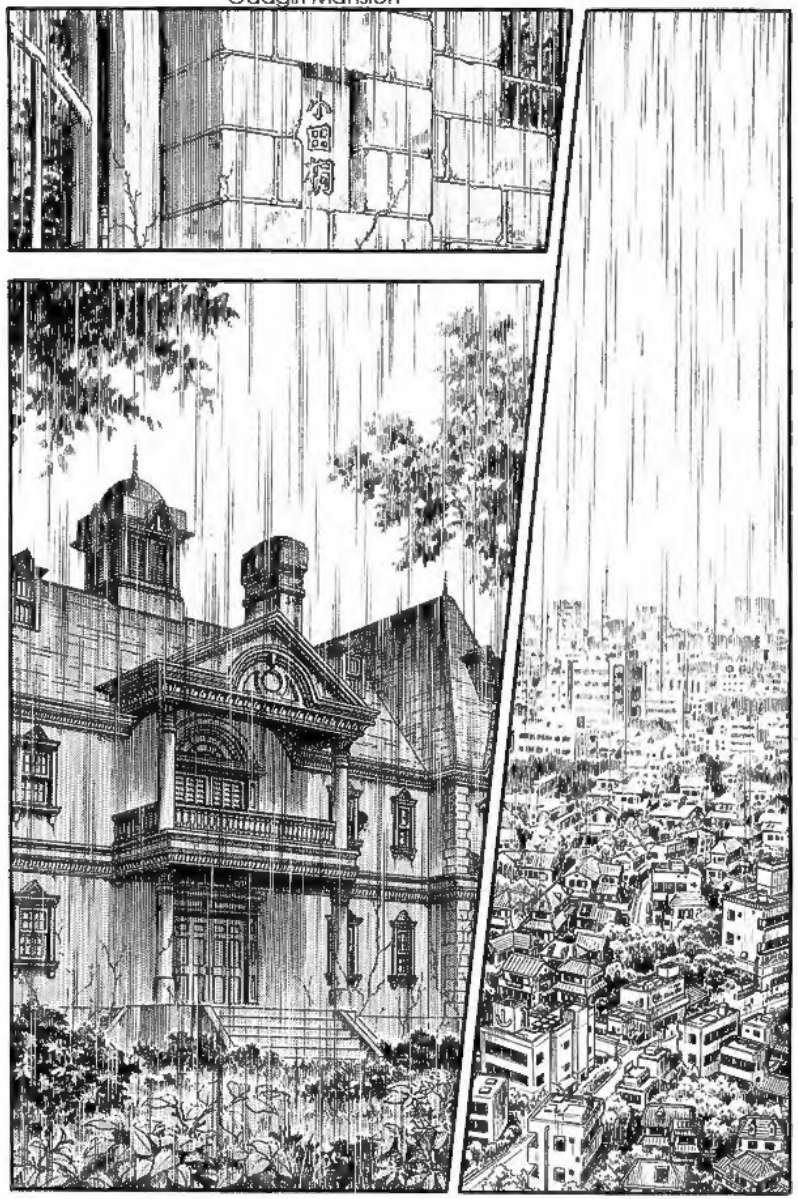
GUYVER ADVOCACY

Come with me Valkyria.
All your wishes.
I will fulfil...

Separated into 5 parts....!?

Odagiri Mansion



She, the female Guyver, had already disappeared.
Aptom, when you arrived at the scene
.... and then
That's right.
What is it Shou?
What is bothering you?
... Um...
she must definitely be a "Guyver", huh...
Well...
Fighting against so many Zoanoids alone....
dealing with them in such a short amount of time
Is that.... so

GUYVER ADVOCACY

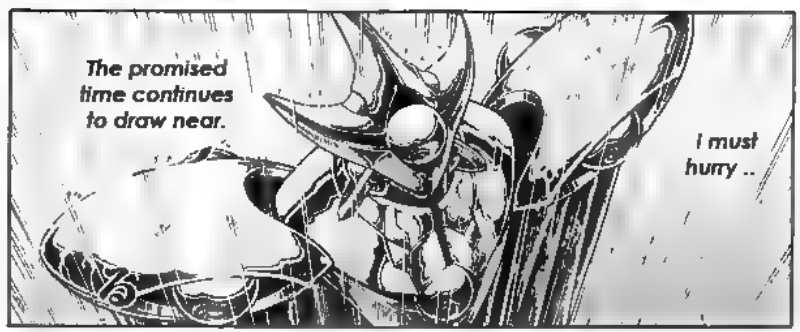
will have no effect against them.
Simply speaking ...
The Guyver's High Frequency Blade and Sonic Buster...
No....
I don't think she did it.
Guyver II F was that powerful?
And there were 6 of them...
... yeah
Aptom?
It does seem so.
Was there something else present at the scene
besides the Zoanoids and female Guyver?
What do you think?

Only with the Gigantic ....
Is it possible to defeat 6 Hyper Zoanoids in that time.
There were at least 6 of them.
Yeah.
Were there any Hyper Zoanoids there?
... took about 30 minutes?
The time from when Aptom learned of Guyver II F until he appeared at the scene...
A special squad it seems.
... were additionally processed as "anti-Guyver" types.
... also those Hypers...
Uh... surely...
Additionally Processed?

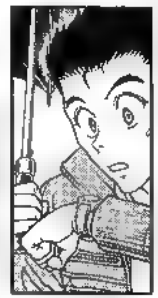
GUYVER ADVOCACY

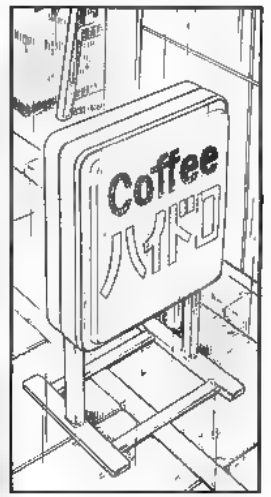
We've confirmed it multiple times.
These beam traces are clearly different from the head beam of a Guyver
hmm .
that's right
Also
Civilian witnesses confirmed it..
A strange giant creature attacked, neither Zoanoid or Guyver .
Roger
We will continue investigating

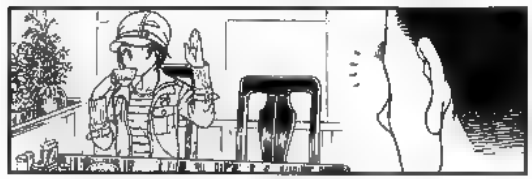
Must be Jabir or Kurumeggnic helping him
It can't be that "he" is alive. .
Then ..
If I follow him he could lead me right to them



The promised time continues to draw near.
I must hurry ..







GUYVER ADVOCACY

...So Tokiwadaira.
About the matter I asked about
There have been rumors here and there.
About the 'female Guyver"?
What kind of rumors?
Cronos' desperation to keep this quiet
ended up making things worse

That she is a blonde haired beauty
About killing a hundred Zoanoids alone.
Ah..
also that when transforming.. ah "bioboosting"?
After the "bioboosting" is released she appears naked
All those..
Are basically correct.
don't know about her killing a hundred Zoanoids though.
Without any solid proof.
It's all rumors, rumors.

Just the other day, at an incident in the capital
a giant spider monster assisted the female Guyver
that's what the rumours were.
By the way, why don't we return to talking about the female Guyver..
I'll introduce you next time.
You're right
have also heard..
Besides that....
Well, it might be a hoax
Spider?
Your voice is too loud!!
Ah sorry...
There's big news!!
That's right!!

Aptom . you mean .
The information came from Aptom.
Eh .
How can you know such things?
Um..
He's our ally.
The one fighting together with Sho in Shinjuku...?
He hides behind sunglasses, he's not very sociable.
He can also transform.
He-

GUYVER ADVOCACY

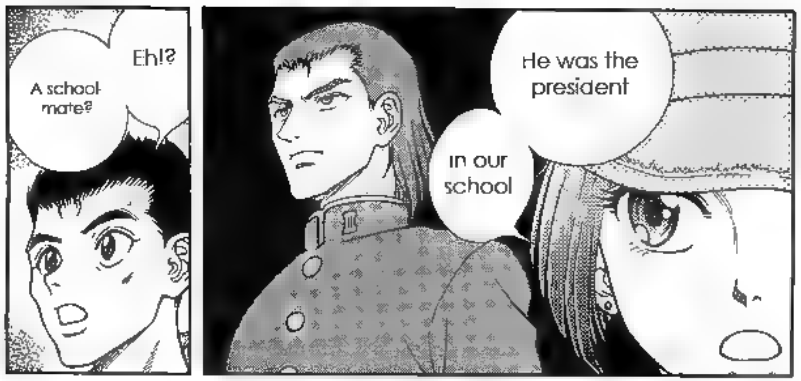
So .
She appeared in America prior to her appearance in Japan.
If that was the female Guyver..
Yeah.
Then you don't mean..
It is consistent.
This person seems to be a foreigner
So Guyver II F came from America?
Aptom first saw her in Narita
Speaking of which. ...
why do you call her "Guyver II F" ..?
Um.. by the way...

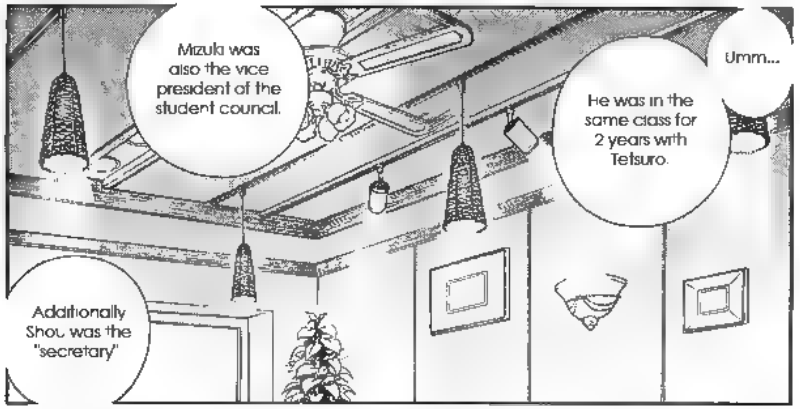
Two months ago, there was a large scale terrorist attack in Washington.
They say.
Is it not?
Well, that seems to be the official word
The work of the resistance "Zeus' Thunderbolt" .. huh.
I heard it from a friend who was present at the site.
Actually
was a single woman
.. that was the rumor
The one who attacked the Washington Control Authority "Pillars of Heaven"..

Go ahead.
?
Can I ask a few questions?
Um.. following up..
Guyver III .
Is he your .. acquaintance?
I just thought, speaking of Guyver II has reminded me .
when he was mentioned in conversation.
He was the leader of the resistance....
Well the other day when we visited you
there was a dark atmosphere
Well, there are a lot of things that happened
Hmph Makishima, huh

That's what she called herself
I don't know
Am I right?
Ordinarily wouldn't she be called Guyver IV?
Yes.
think he was an agent of Cronos
The former Guyver II was a "man"
Well . he's dead right?
Shou fought him when he was still growing as a Guyver..
Maybe.
. then are they related?
Sorry, I didn't know for sure myself

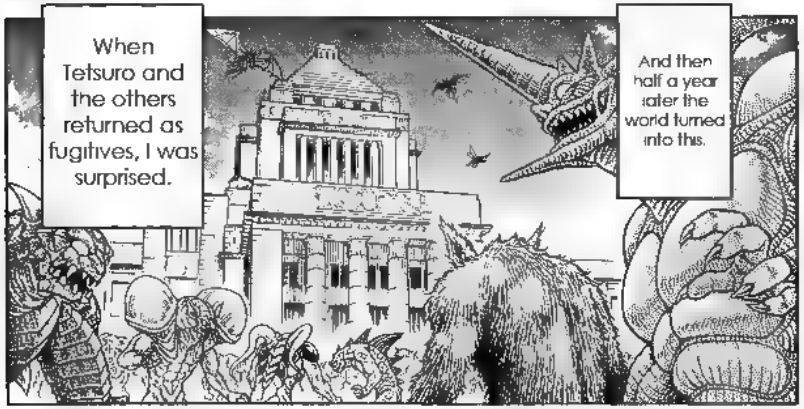
GUYVER ADVOCACY



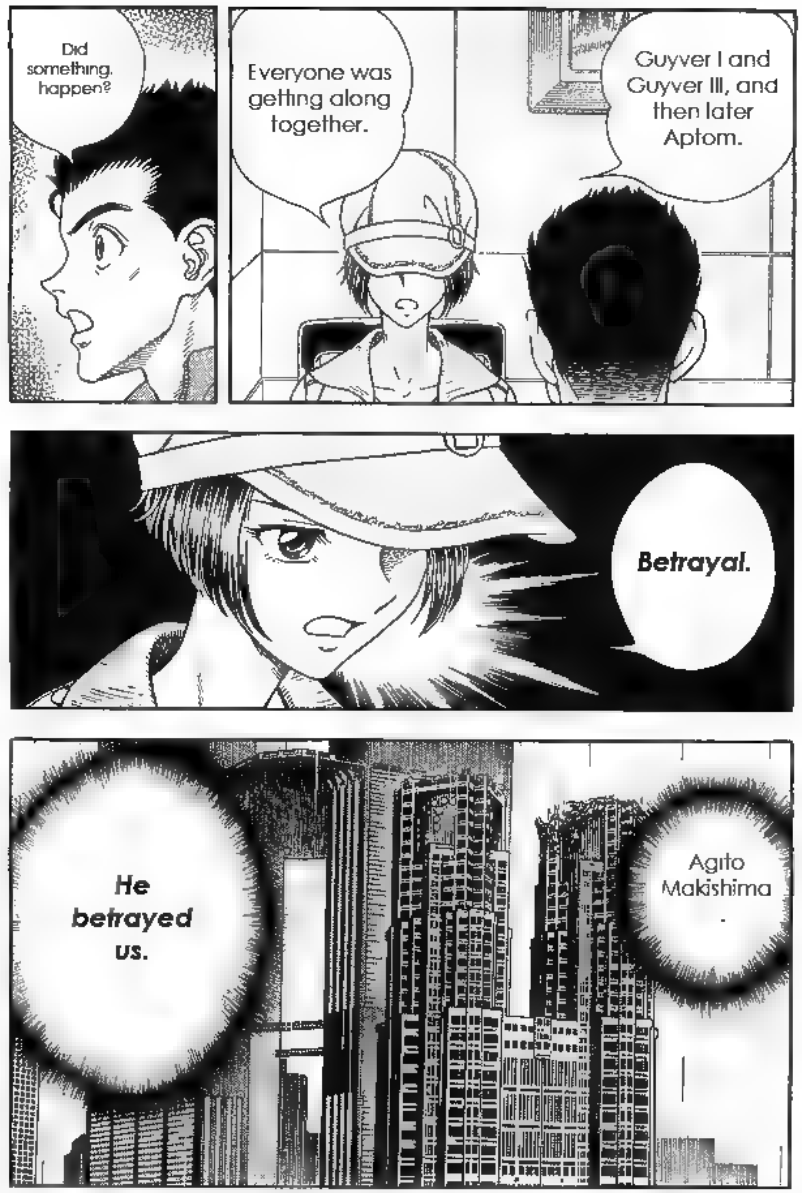


Mizuki was also the vice president of the student council.
Umm...
He was in the same class for 2 years with Tetsuro.
Additionally Shou was the "secretary"

I was surprised when Shou disappeared.
At the time I didn't know any of this.
n other words, he was dragged into it
n Shou's case it was an accident



GUYVER ADVOCACY



Did something happen?
Everyone was getting along together.
Guyver I and Guyver III, and then later Aptom.
Betrayal.
He betrayed us.
Agito Makishima

Chapter 175
Agito, and then Shizu

GUYVER ADVOCACY

Our apologies
The traces left by Guyver II F. .
could not be followed.
Still she was able to escape and hide ..
Valkyria is alone with no support.
How could this be?
Eyewitness present mention a mysterious 'spider like creature".
If its existence is true, then both of their sudden disappearances are .

Our final results,
even by assigning all 1500 members to the investigation..

These two must be working together.
If so, then we must find the identity of that "creature"..
What exactly are their goals ..?
Aah.. Thank you for the report
Yes, my lord.
Please continue to monitor the situation
My Lord?
..

I also have to deal with the elusive being 'Apollon".
As well as the situation with Guyver II F ....
With his increasing targets, I might be next
Apollon, who is collecting the "Zoacrystals'
But I cannot be absent from Japan at this time
Venerable Barcas in Washington is also at risk.
If possible, I would not leave his side.

GUYVER ADVOCACY

Half a year ago, 'Gigantic XD' duelled with Draglord
Since then there has been no trace of Guyver I, Shou Fukamachi

And the treasure of Cronos..
He stole them from the "Uranus' Sacred Coffer', the Navigation Spheres.
...what did he learn and what's he'p ann ng...
Now that he has h s hands on them
They contained information of the Advents left from millions of years ago.

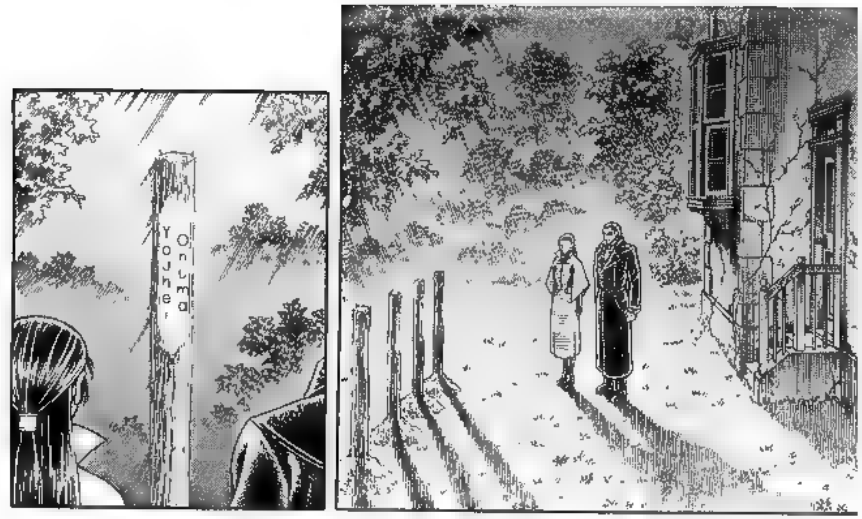
He infiltrated the Arizona Base with his men
Half a year ago.
Guyver III, Agito Makashima, has made no appearance..
Also...
and inflicting serious injuries on venerable Barcas.
Defeating both Zoalords Waferdanos and Li Yentsui
The main base was destroyed and we were unable to stop him.

And I made it all the way to Jinbou City in the rain.
That's right

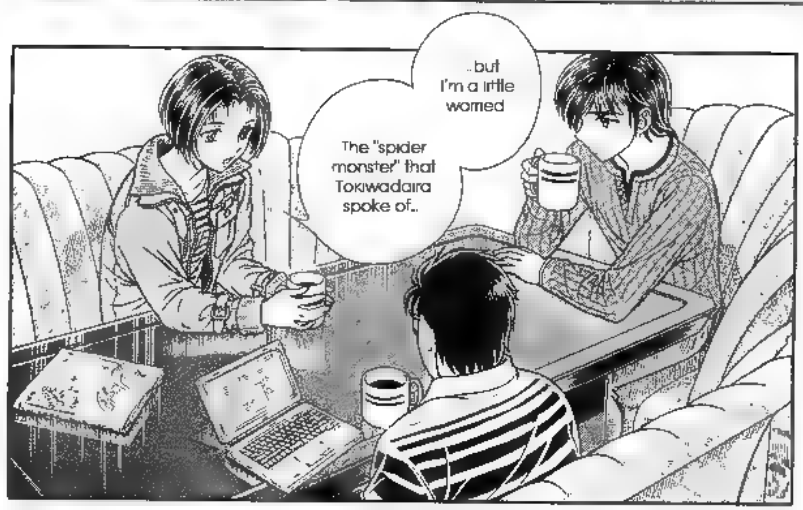
. then
you didn't gather anything.

Oh, thanks

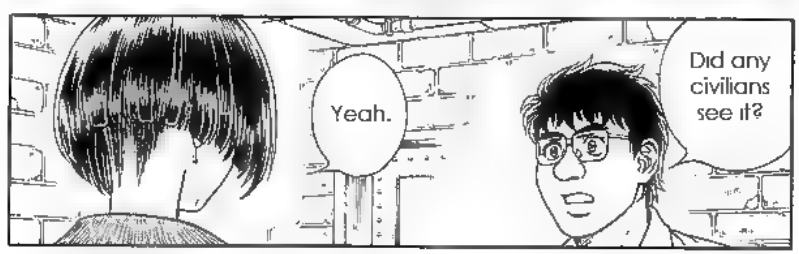
The rain is finally stopping.
Speaking of which..



Yojne-Onna



The "spider monster" that Tokiwadaira spoke of..
..but I'm a little worried

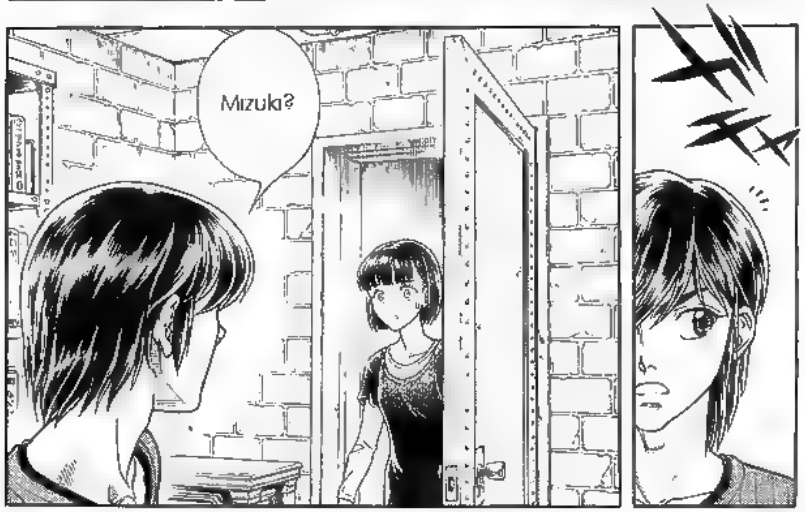


Yeah.
Did any civilians see it?

said "something" aside from Zoanoids
was at the site. .
Aptom also

Speaking of which..

Anyway we have too little information.
. possibly.
Was it that "Spider"?



Mizuki?

M...
Makishima..

Segawa.
It's been a long time,

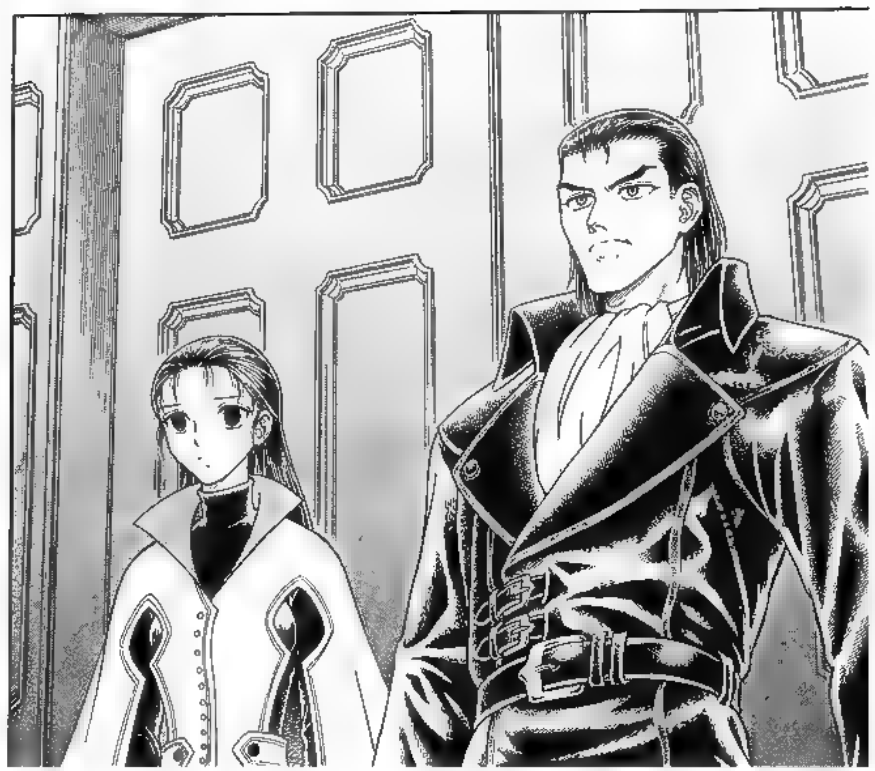
You bastard. .. what did you come here for!?

Fukamachi

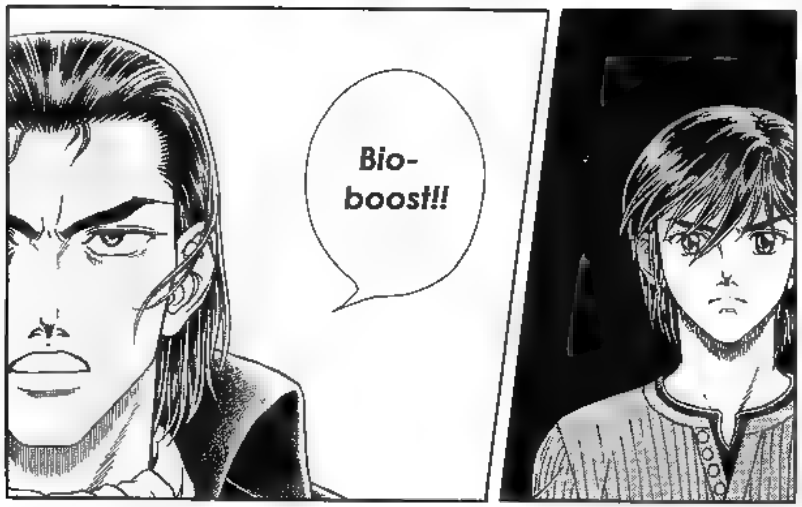
!!

At the front door ..

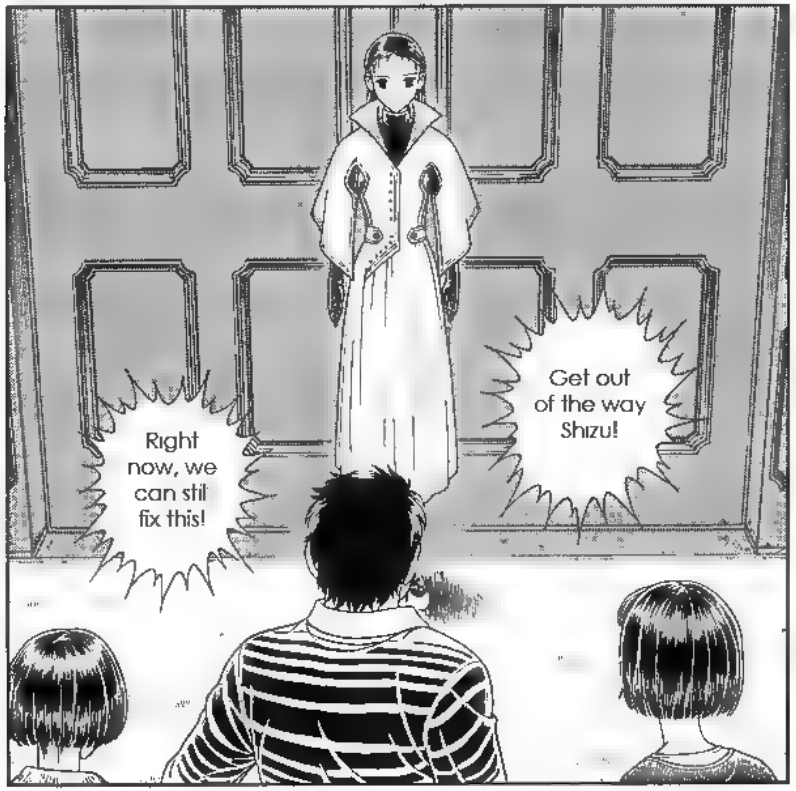
Who.. is it?



GUYVER ADVOCACY

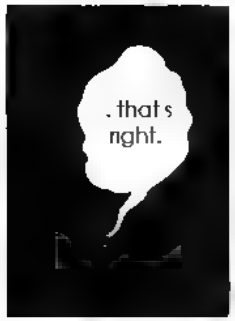


GUYVER ADVOCACY



Right now, we can stil fix this!
Get out of the way Shizu!

What do you intend to do?



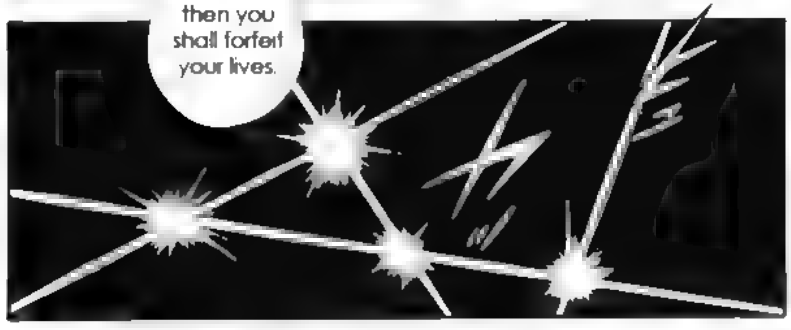
. that s right.

We must go to stop them!
It's obvious!

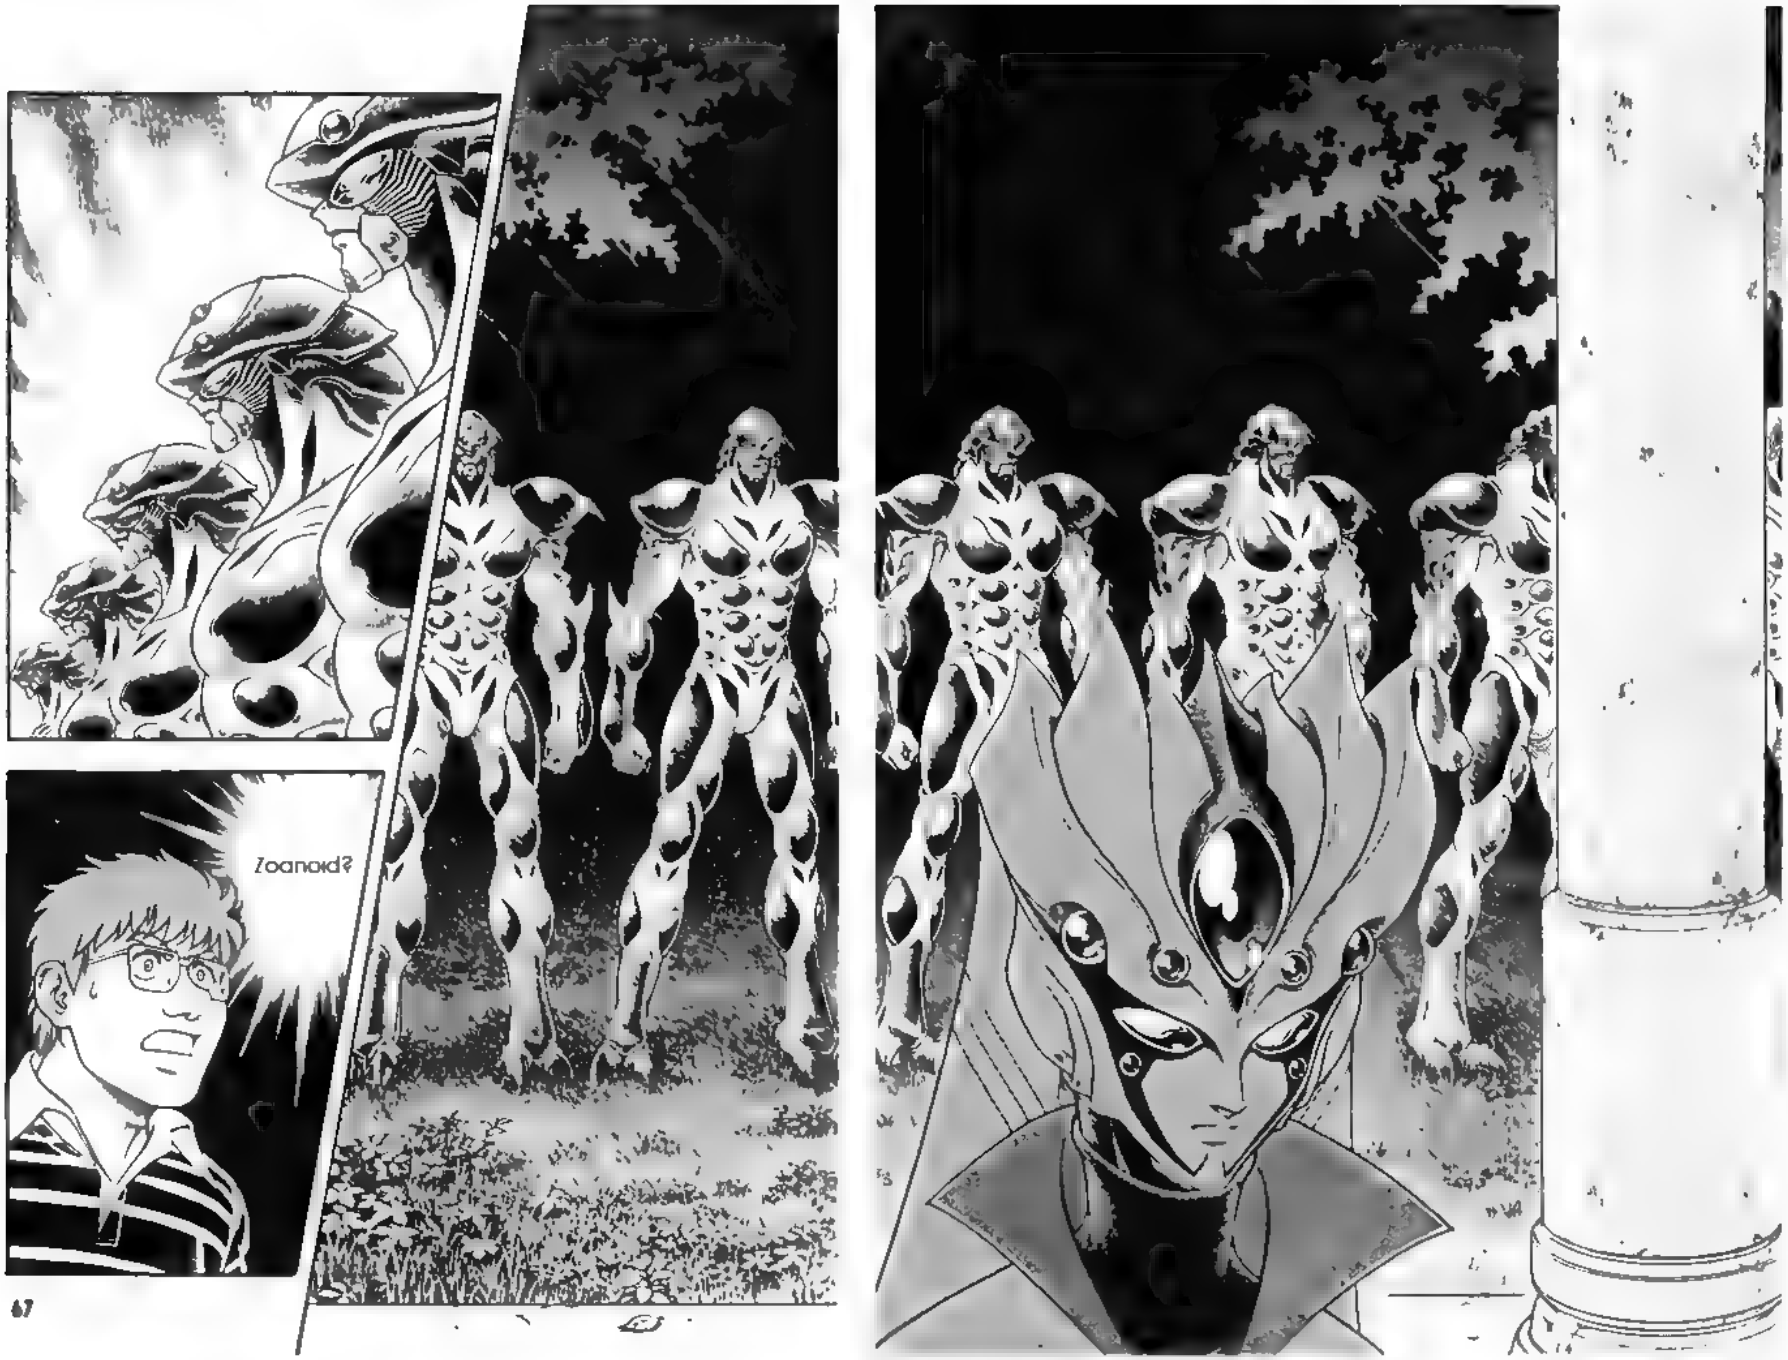
Fighting!!

Shou and Makishima..
This isn't right.

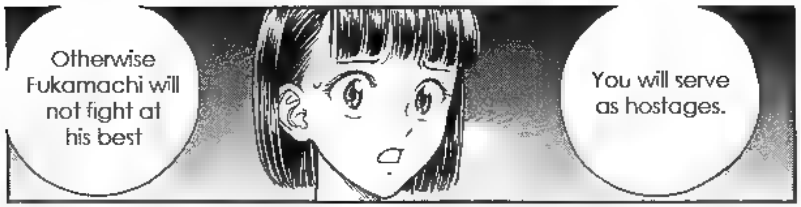
GUYVER ADVOCACY

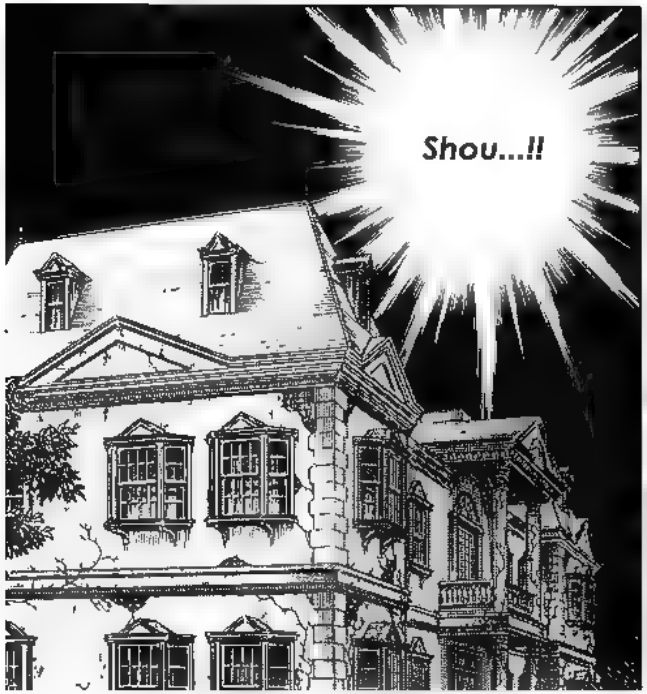


GUYVER ADVOCACY

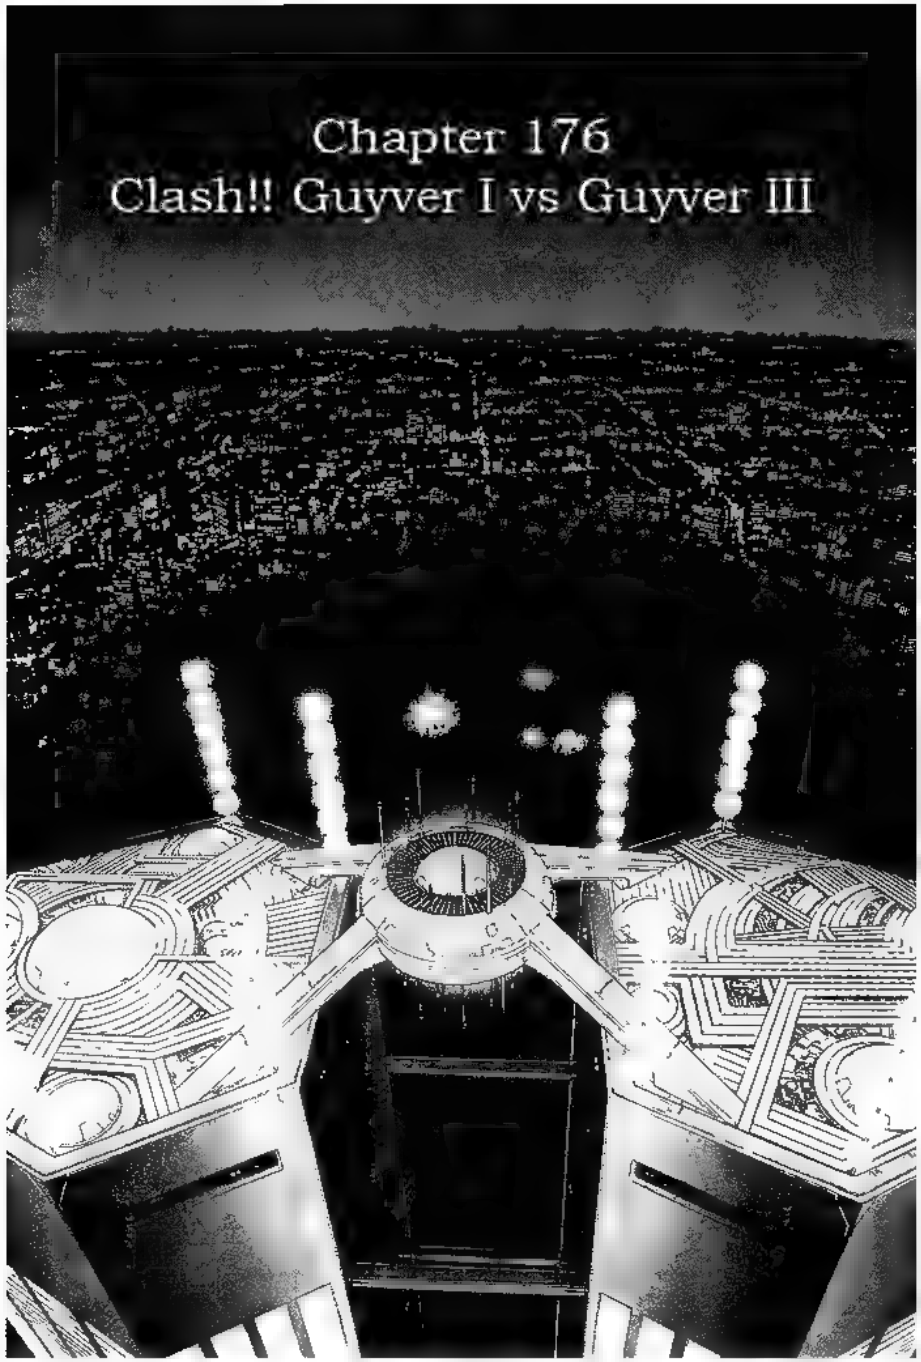


Zoanoid?





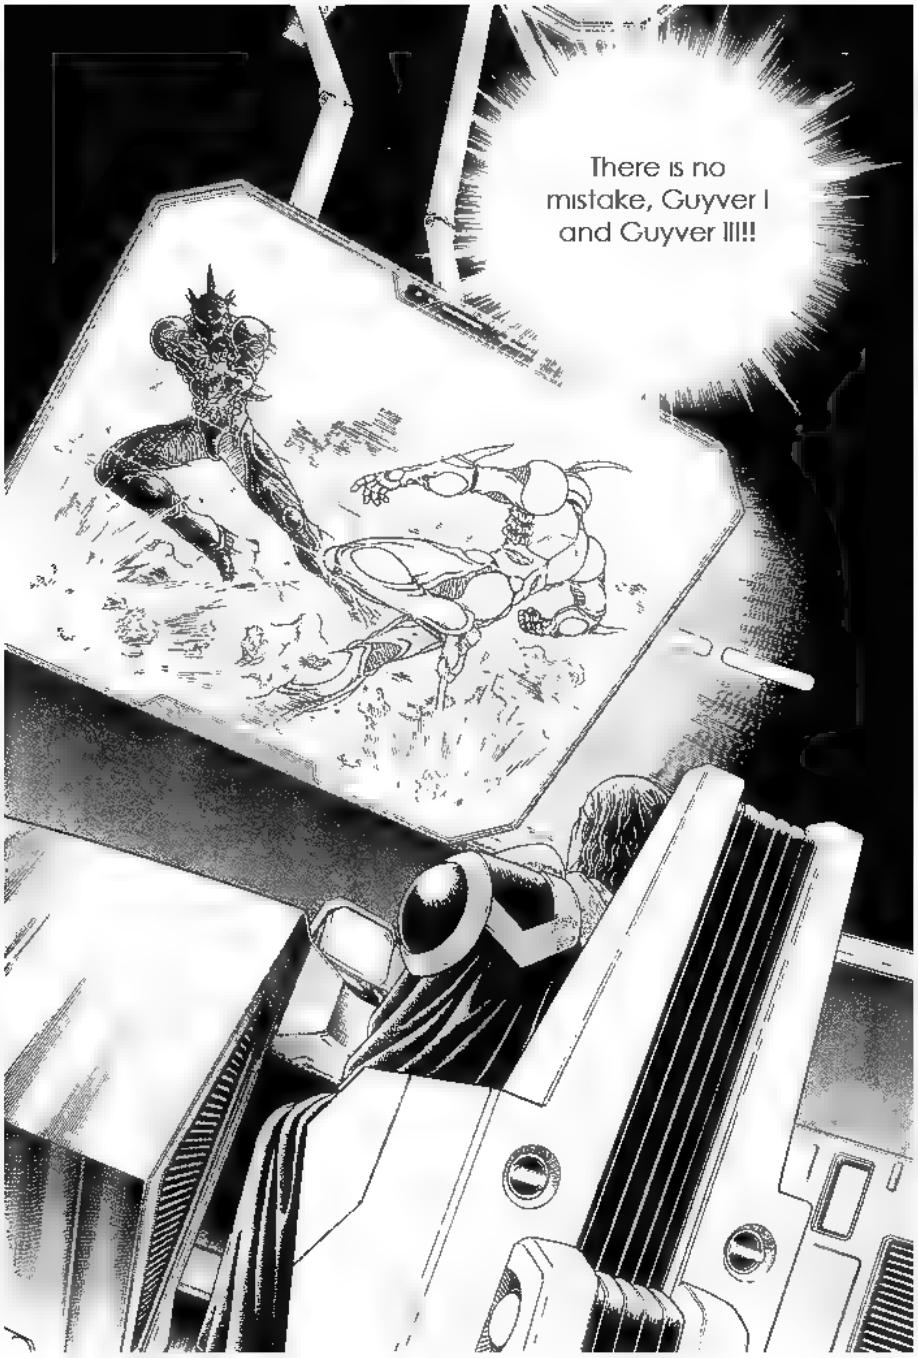
GUYVER ADVOCACY



Chapter 176
Clash!! Guyver I vs Guyver III

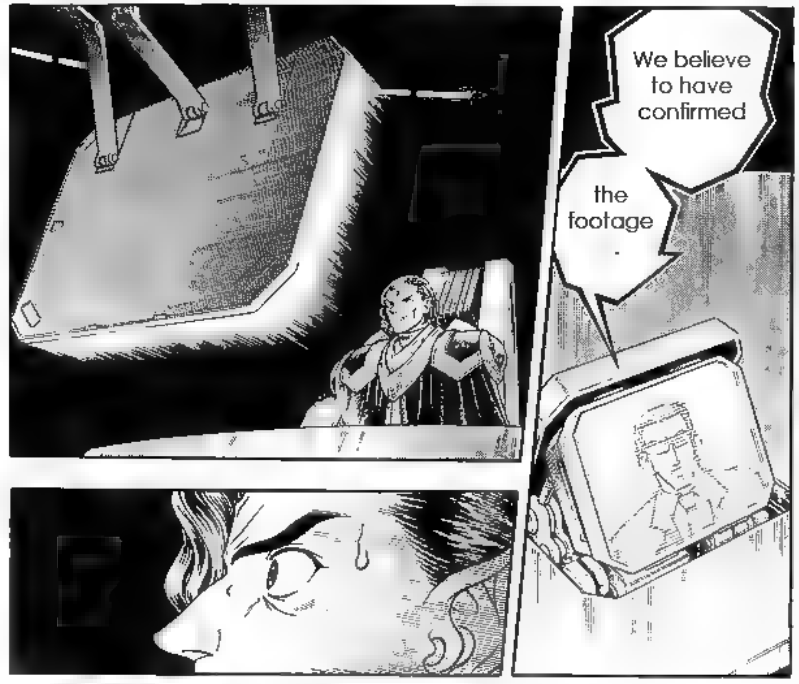
Let's
go,

Fukamachi!



There is no mistake, Guyver I and Guyver III!!

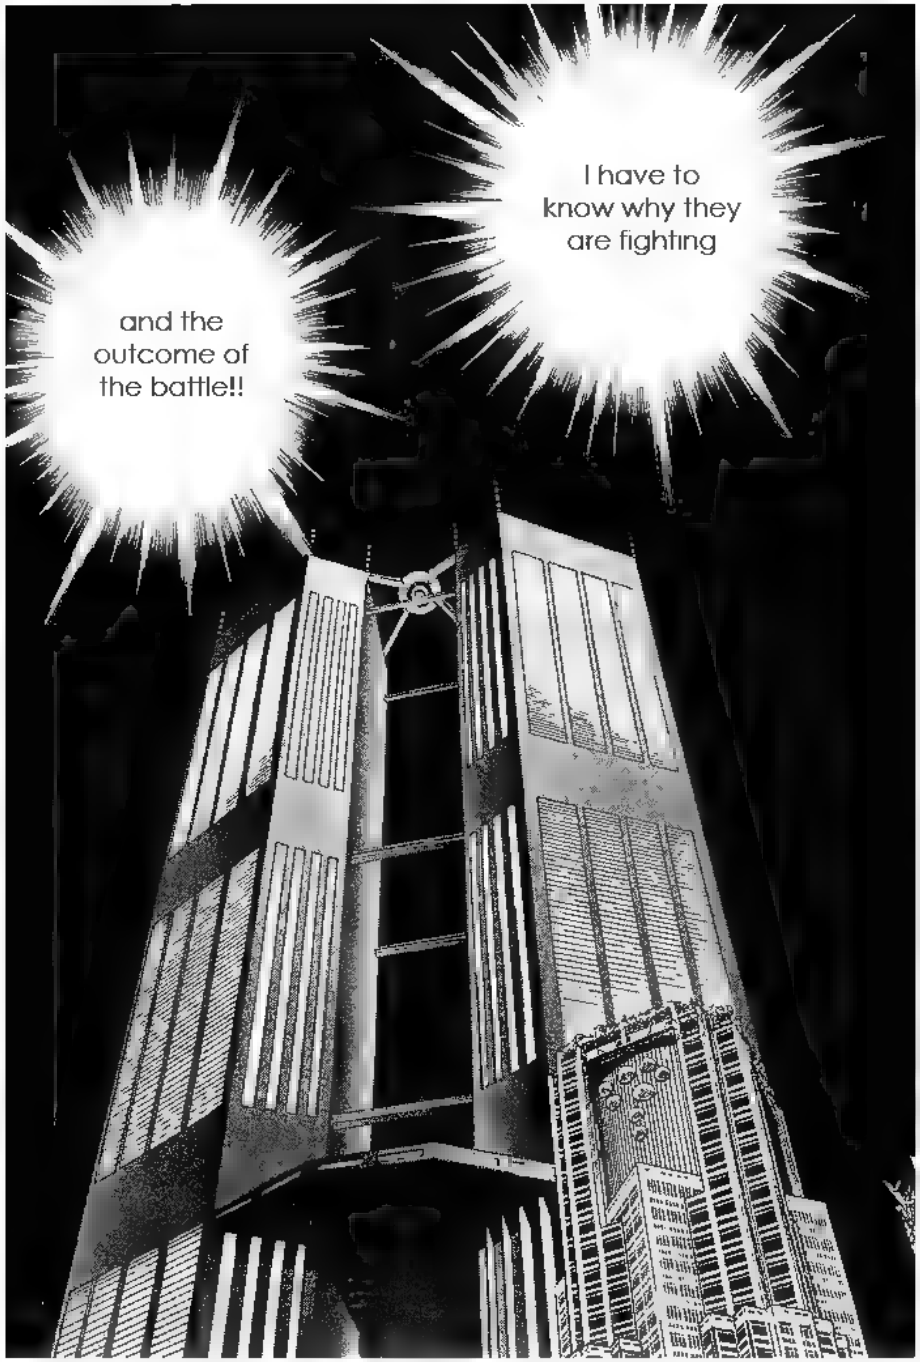
....What did you say!?



We believe to have confirmed the footage .

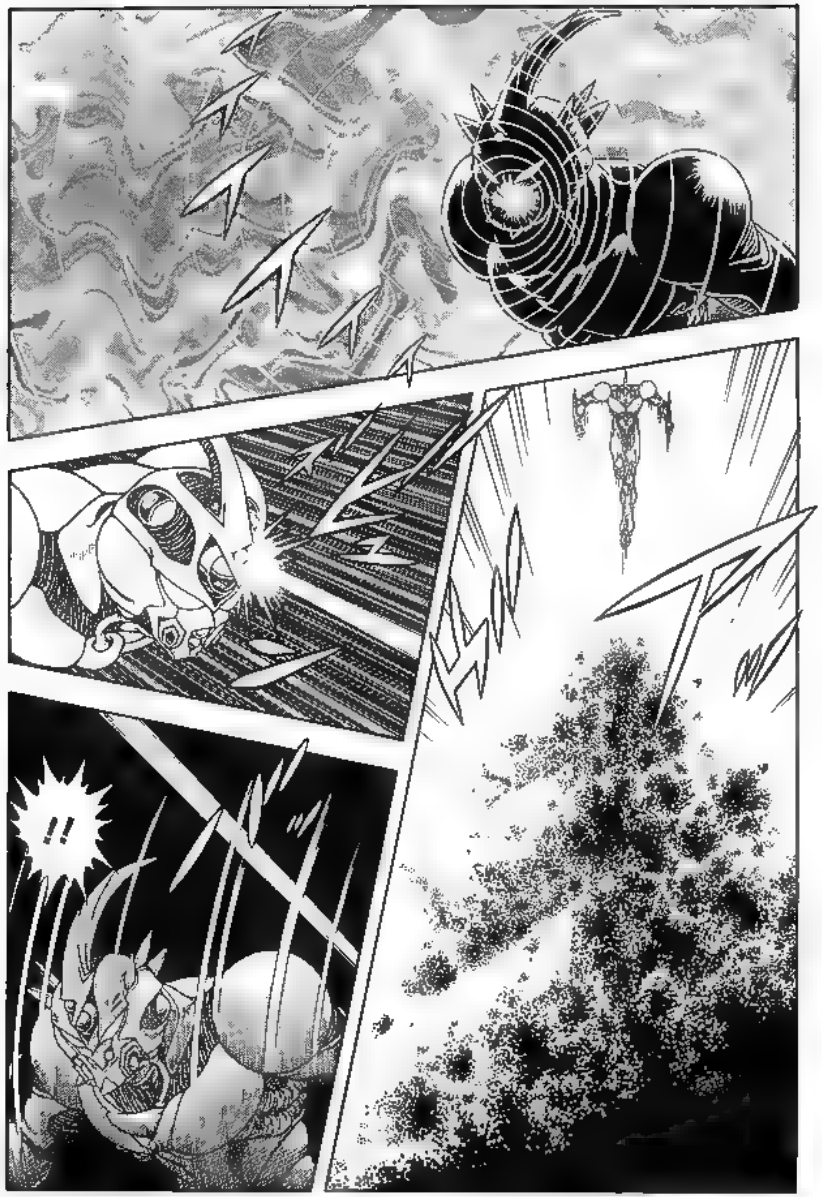
What's the meaning of this?
We always considered them to be allies.
The Guyvers are fighting!?
We must hurry and take refuge....
Anyway, there is danger here.
We do not know f
they are only pretending to fall out to provoke our negligence!
Please hurry my lord!!
No .

this isn't the full extent of their power
And at the moment
If so they would have made contact from the beginning
This is no trick
But ..
You protect yourselves
I will be alright.
Under stood
Yes..
Also .
There might be a chance that Cloud Gate needs defending.



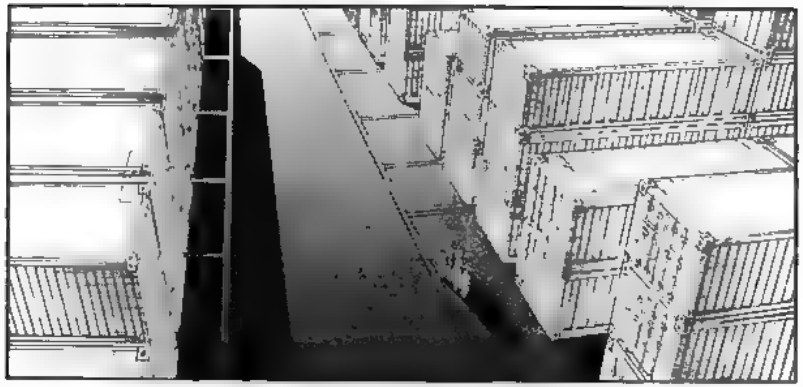
I have to know why they are fighting
and the outcome of the battle!!

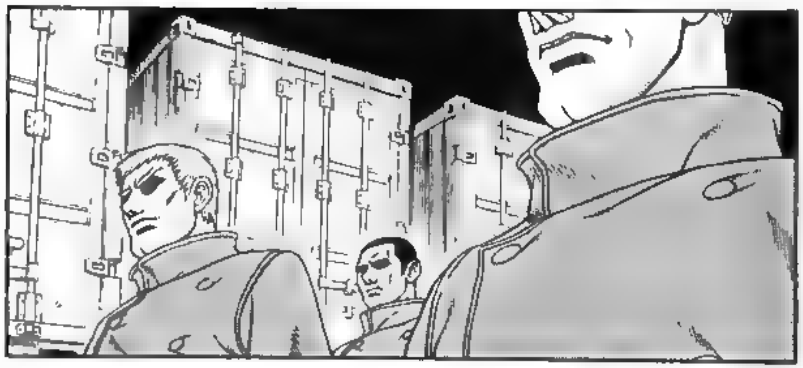
But I must still observe
It will not ease my mind ..
There 's no mistake it's one of them
One side will have the fate of the world resting upon their shoulders
I have to stay here and see this through.
And if that is so...

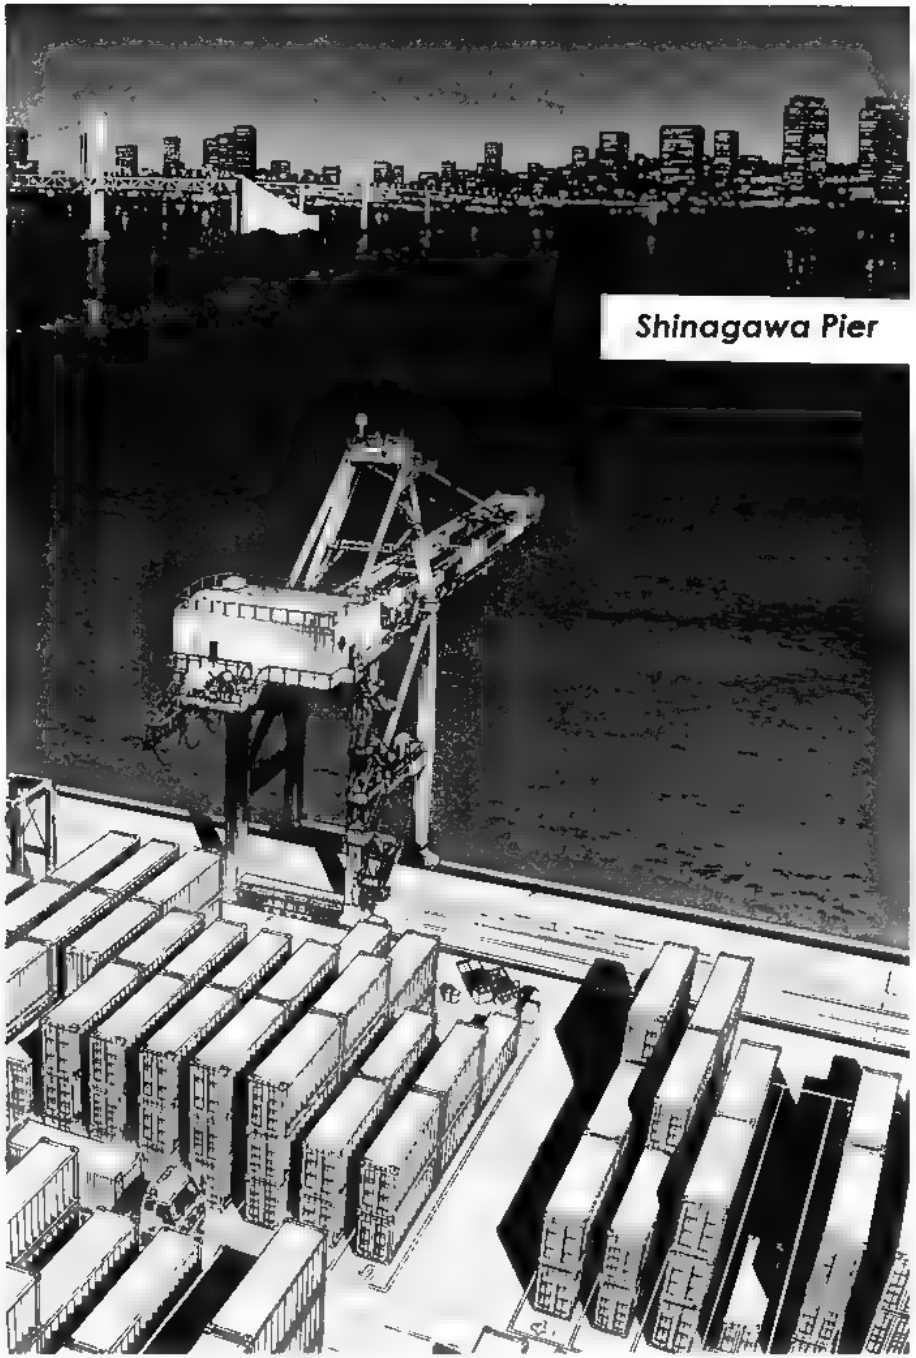


Don't expect the assistance of Aptom.
Although you say that.
At this moment, that guy is..
What. .?

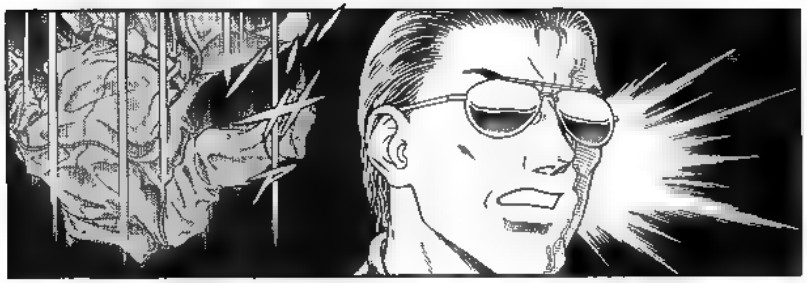
Won't you become the Gigantic?
What's the matter Fukamachi?
No need!!
There is....







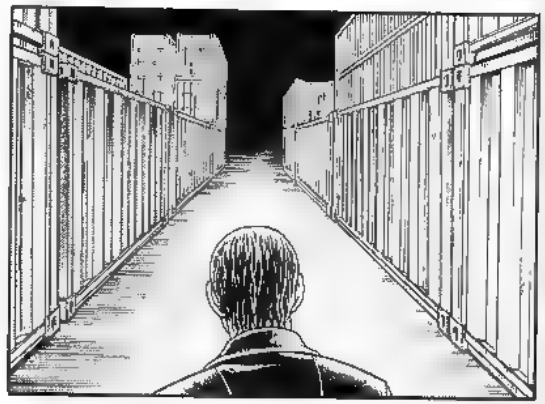
Shinagawa Pier



!!

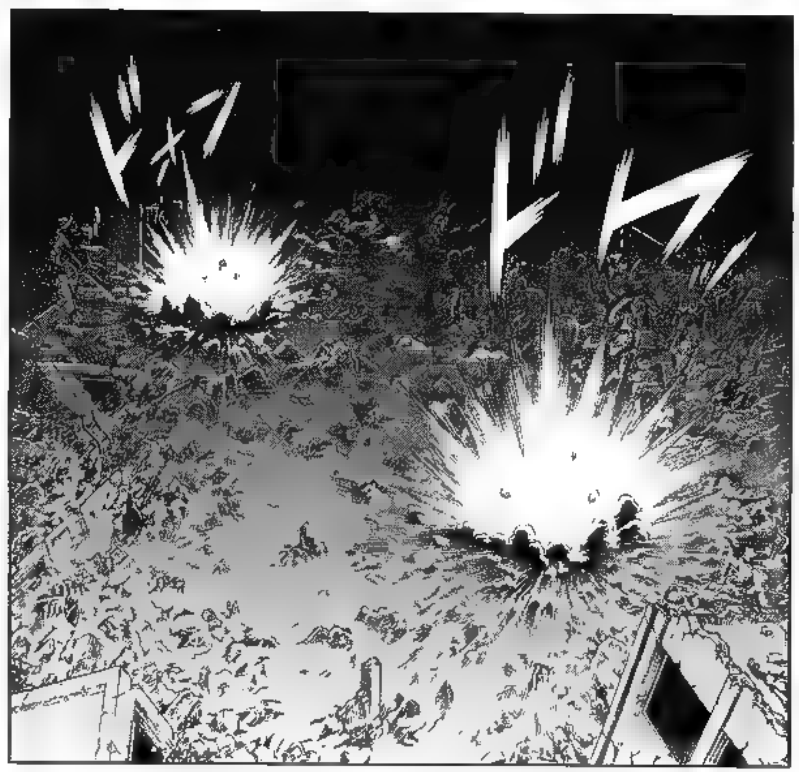
followed them to this place.
They were wandering about around Odagiri Mansion.
Since they looked suspicious

What exactly are these guys?
They are totally different from a "Processed body"..
And also .



GUYVER ADVOCACY

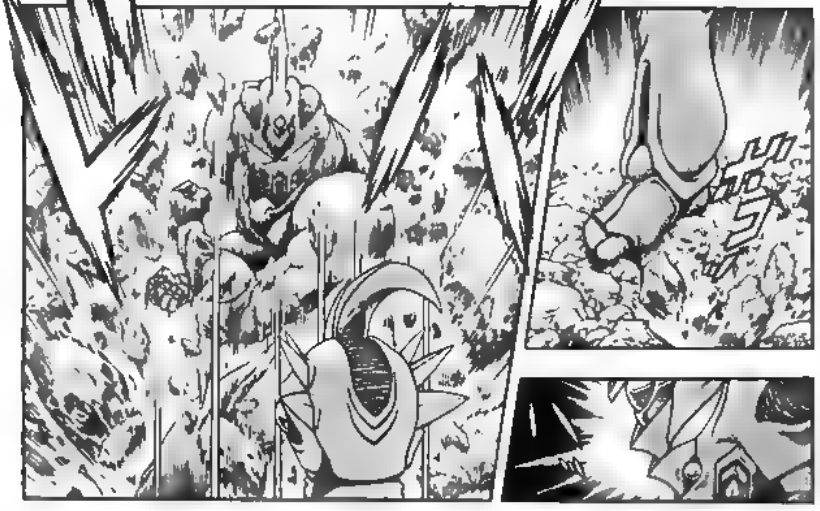
However
Ha .. you've improved Fukamachi!

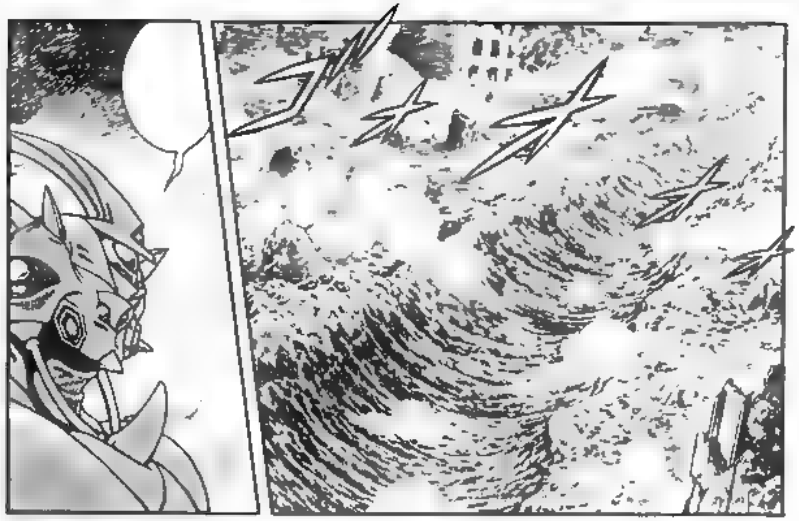


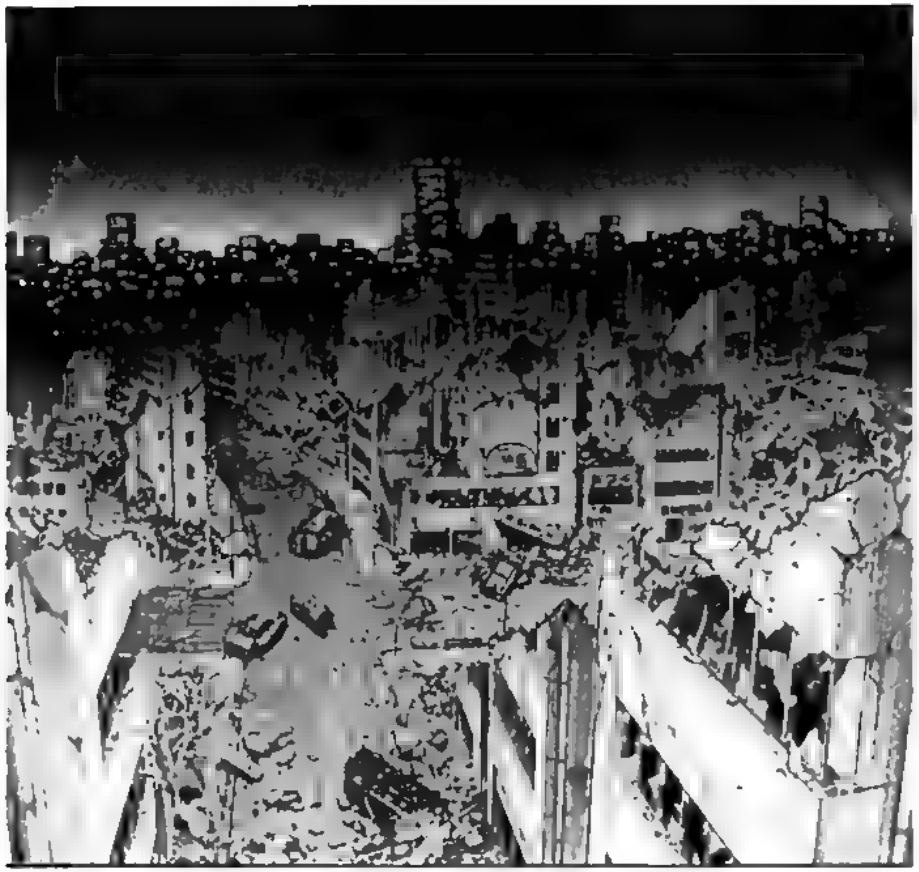
ドォン
ドォ

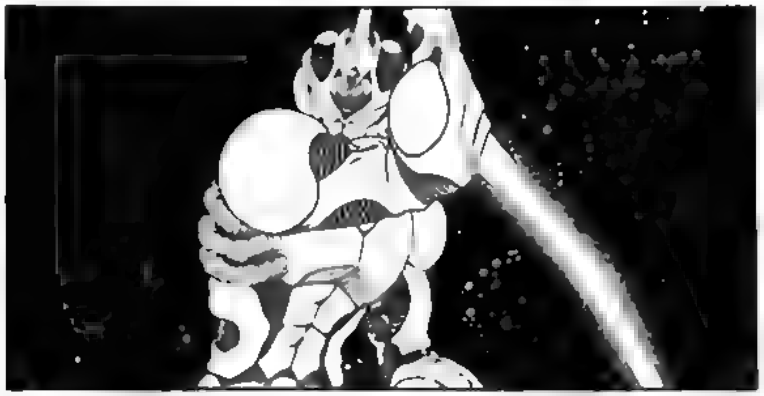
Eat this, Megasmasher!!

!!
It's "Check mate"









There is no meaning to this fight.
Isn't this enough?
What are you hesitating for?
W what's the matter Fukamachi..

Shit!?

Meaning . you say?
But you are still "Naive" as usual.
I thought you had matured..
No matter what kind of person it is.
The "enemy" is right in front of you.
If you do not defeat it, you will get yourself killed
If you do not understand that now .
Such a simple thing.

How many times have you been on the verge of life or death?
Did you not learn anything?
Just now only my hands and feet were struck.
You should have targeted my midsection including the control metal
You invited the result .
You let that chance get away

GUYVER ADVOCACY

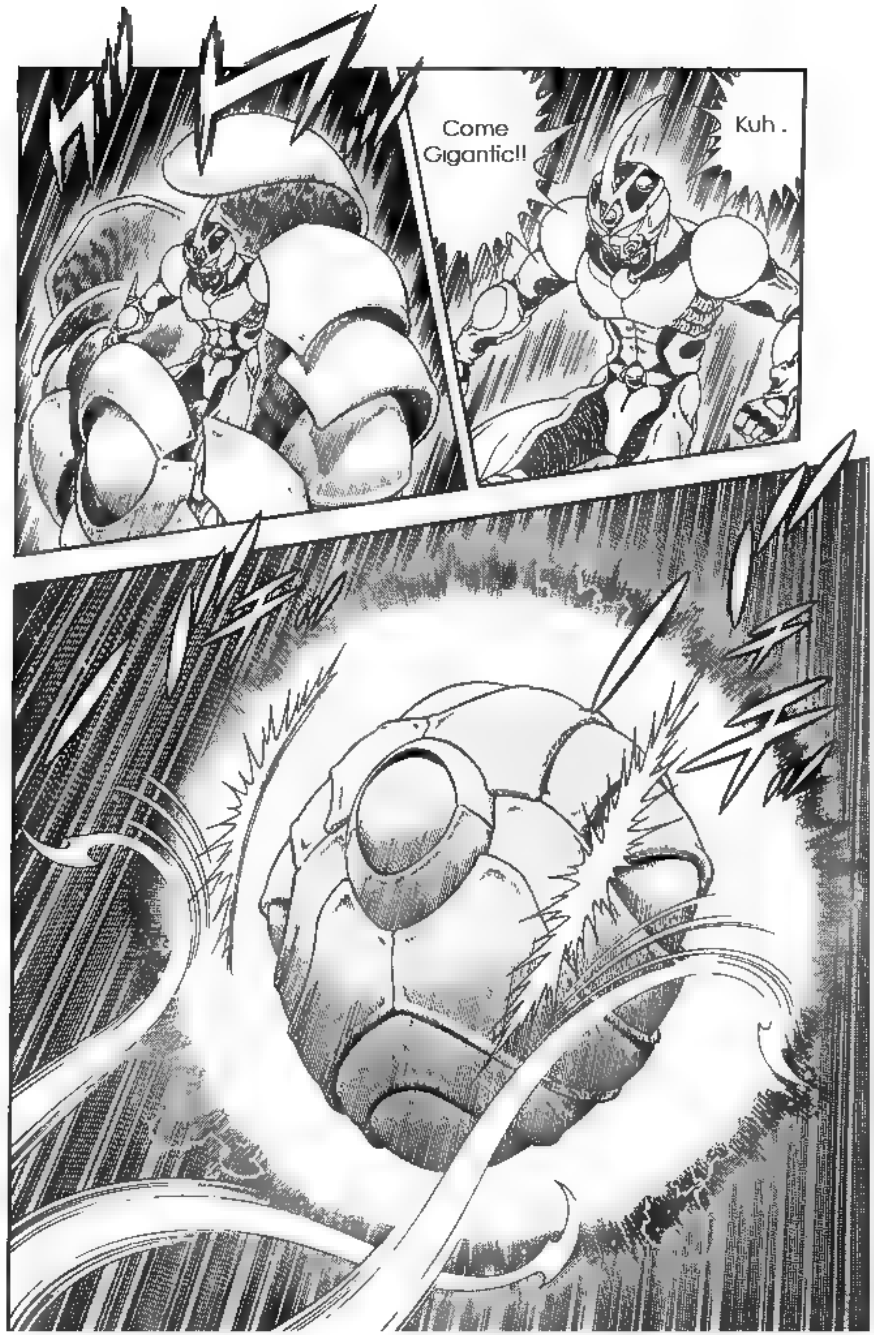
Don't be mistaken
How..
That's..!?
Using another "Navigation Sphere"
that I obtained from Arizona half a year ago.
I have newly created this myself.
My own Gigantic
!!
.. thus reproducing an individual Gigantic.

The data I required to reproduce this
was the memory of the Gigantic form
that had remained in the control metal of Guyver III.

GUYVER ADVOCACY

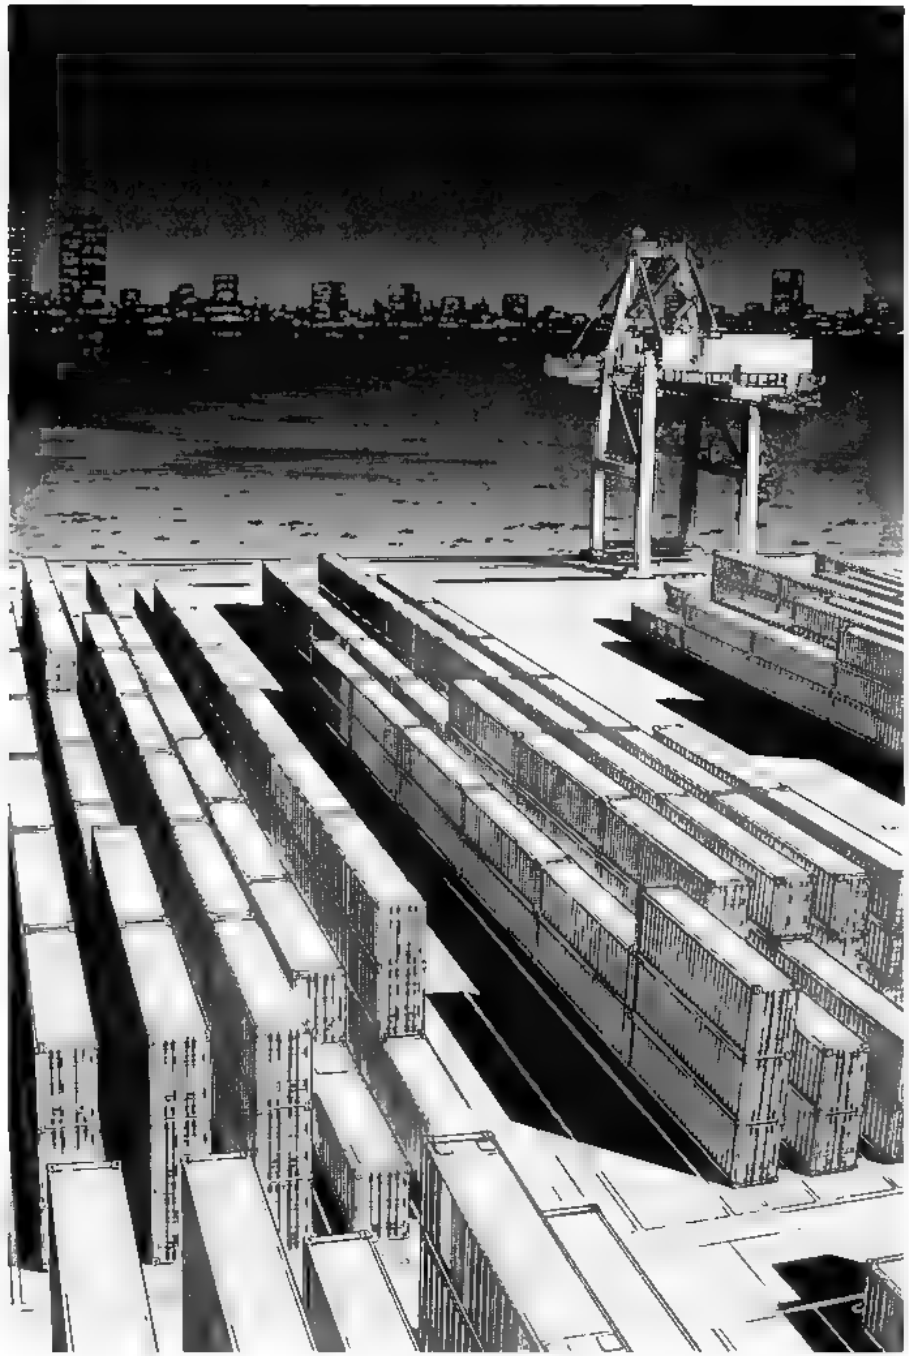
Um!
ドガン

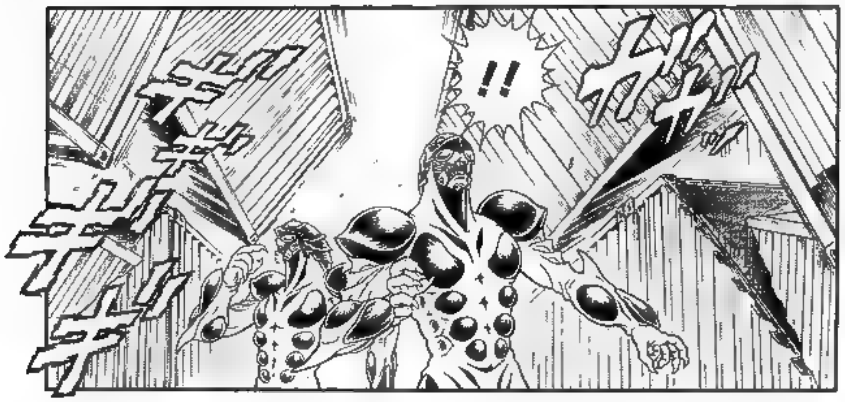


Come Gigantic!!
Kuh.

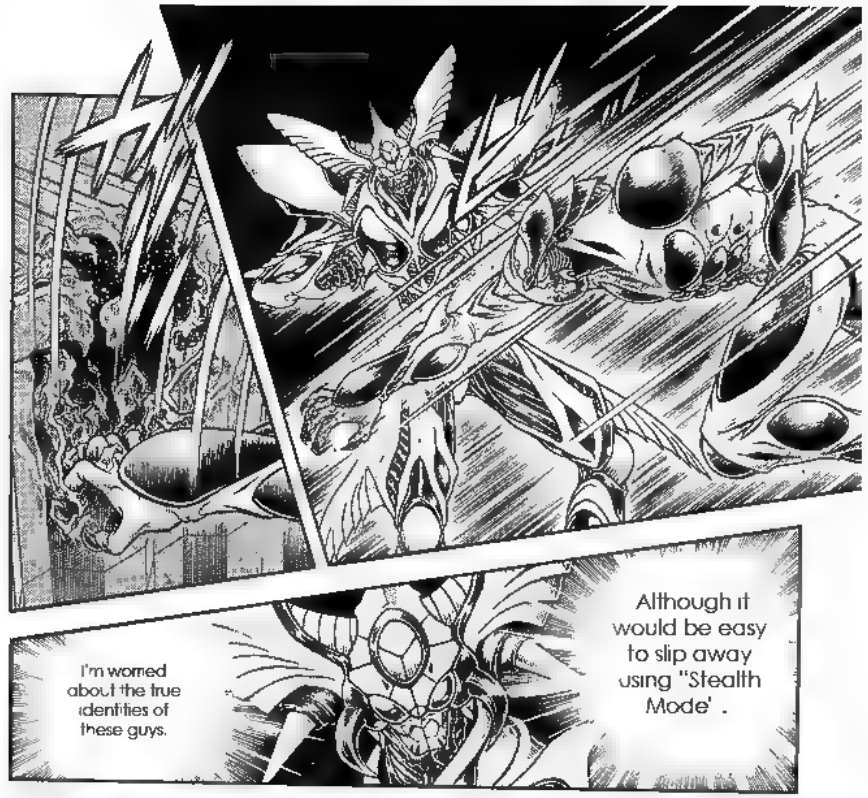
Ha
Finally, that's the spirit!

Chapter 177
Dominance in the moonlight



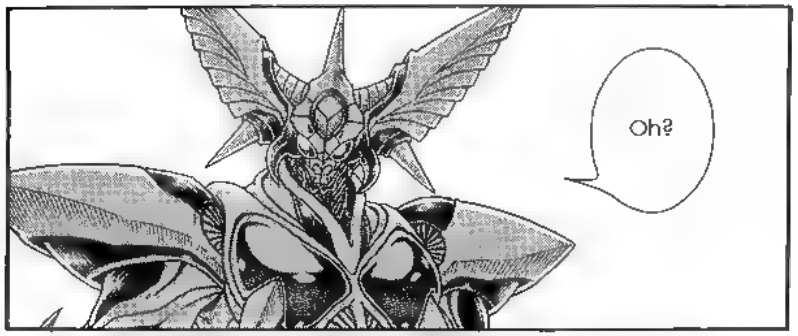


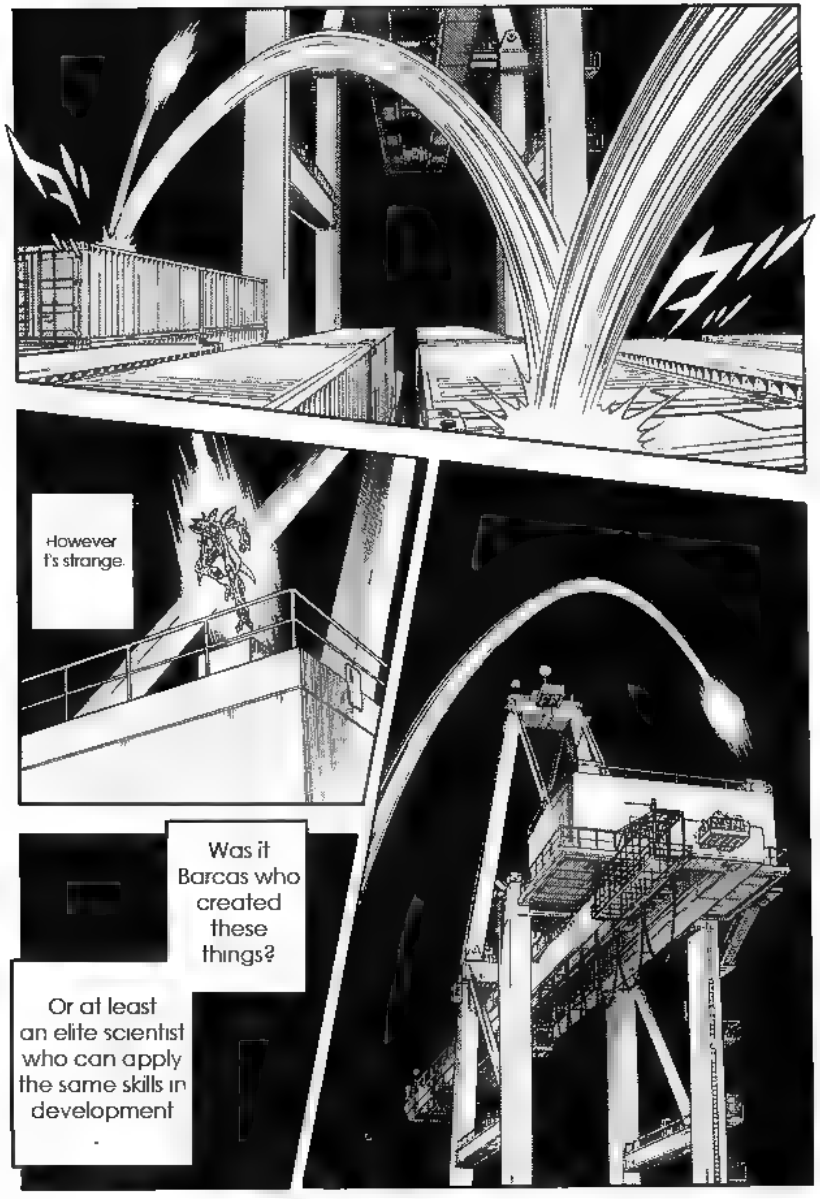
!!



I'm worried about the true identities of these guys.
Although it would be easy to slip away using "Stealth Mode".

It seems they are not Zoanoids...





However it's strange.
Was it Barcas who created these things?
Or at least an elite scientist who can apply the same skills in development

GUYVER ADVOCACY

there is no scent of Cronos
From these guys..
?

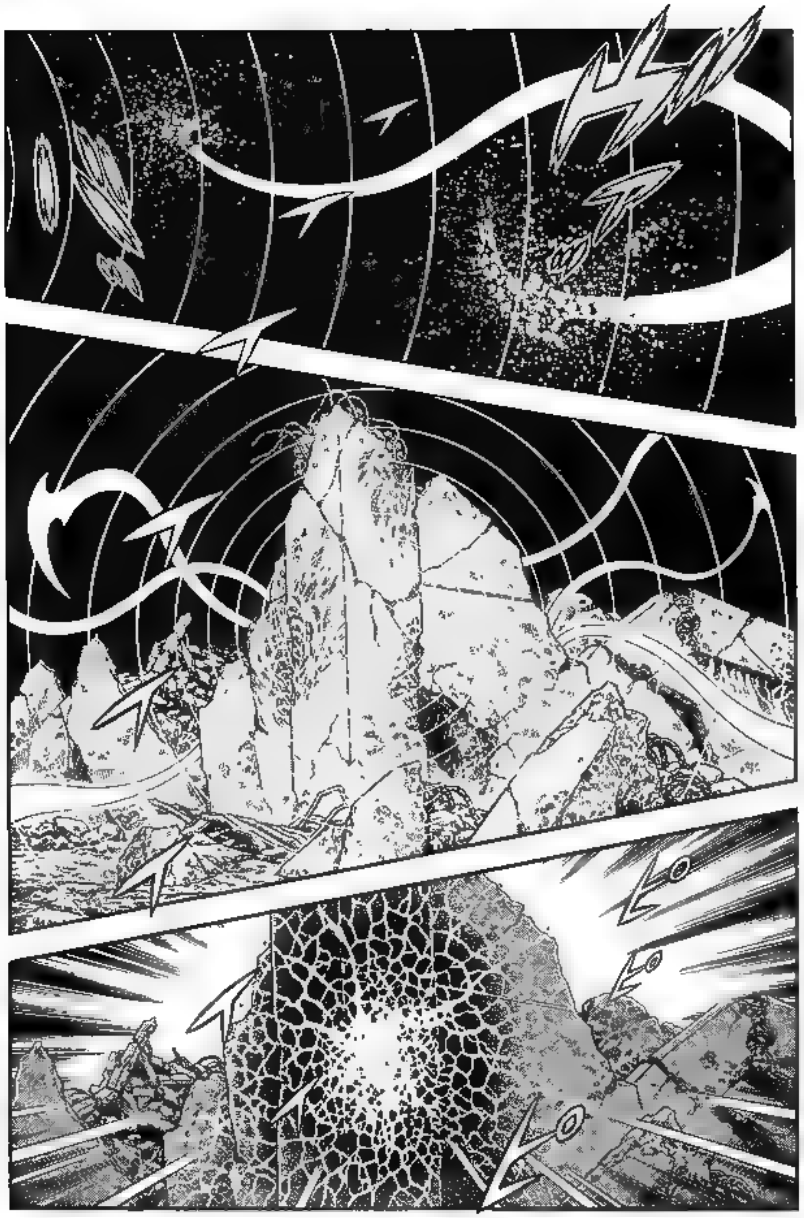
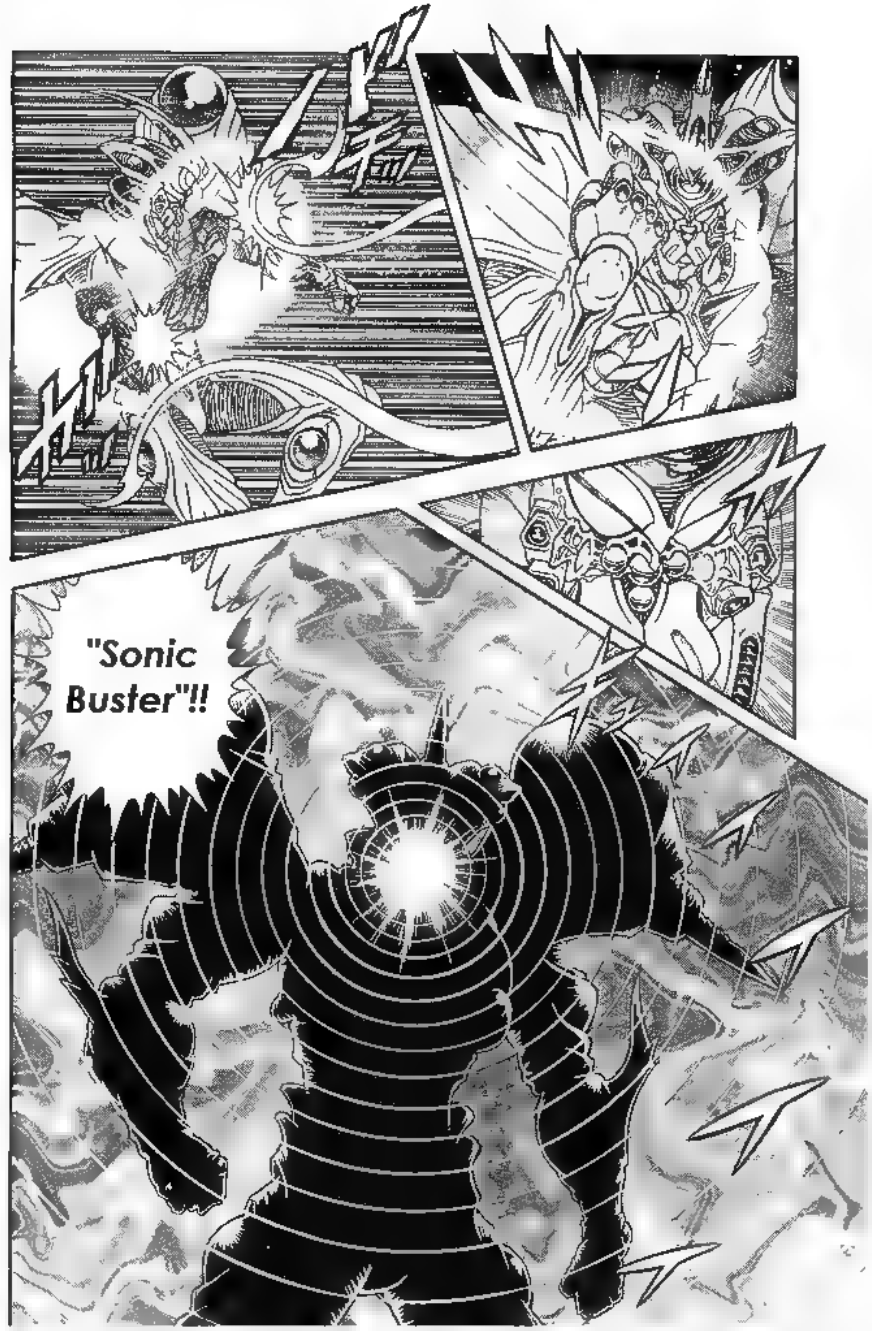
"High Frequency Sword !?





"Sonic

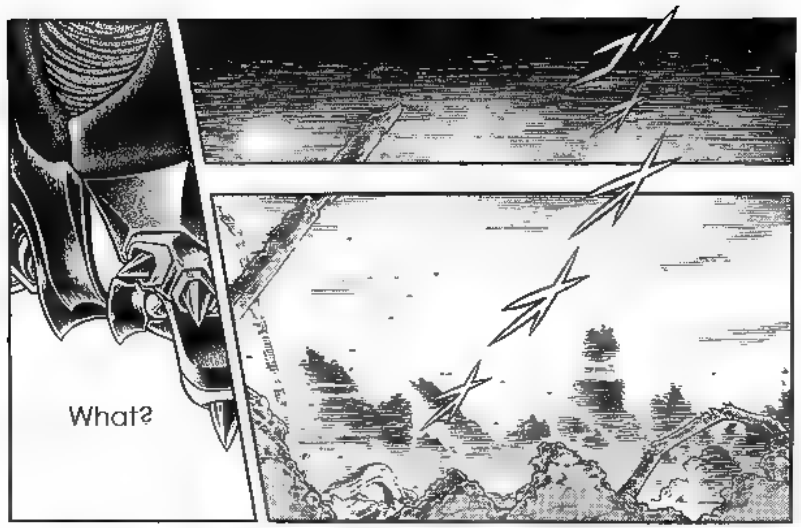
Eat this!
"Gravity Knuckle" !!

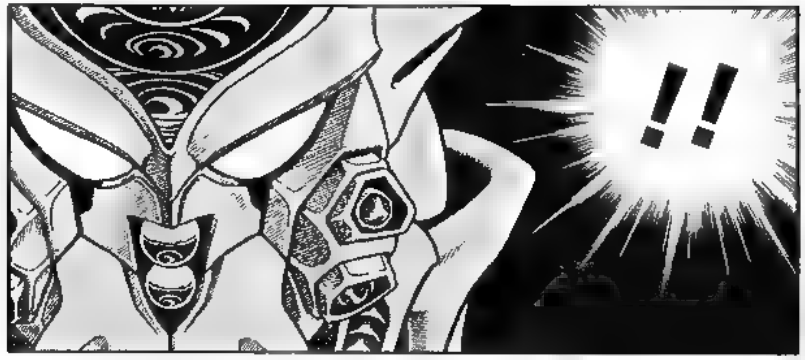
Not there?
Up there!?

Uh .
Please stop this!
What point is there in us fighting?
Talking to me at a time like this .
And you're still saying that!



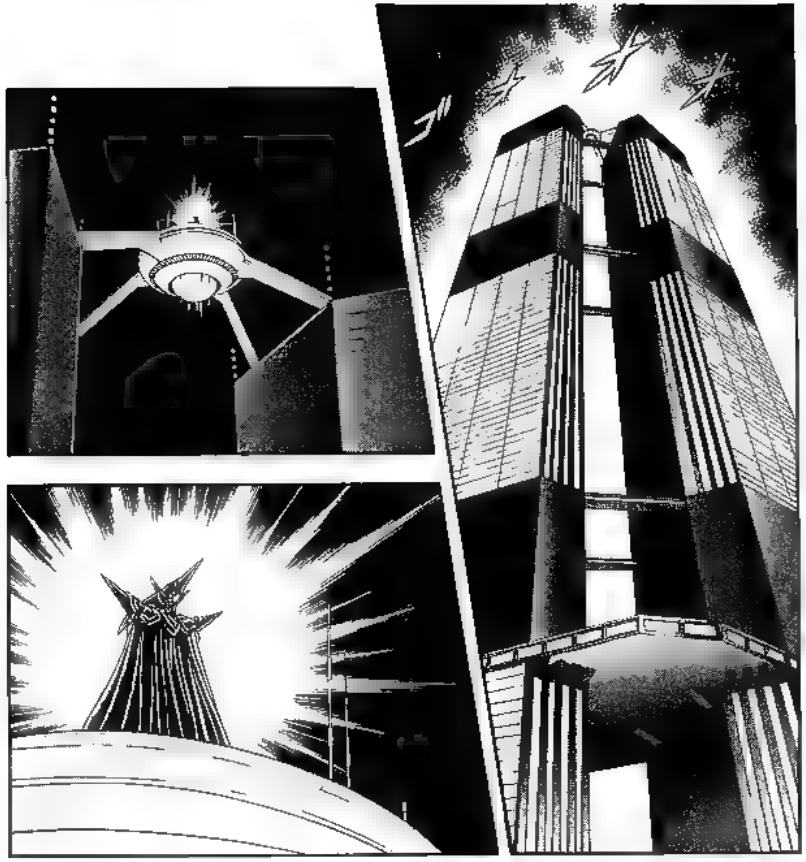
What?

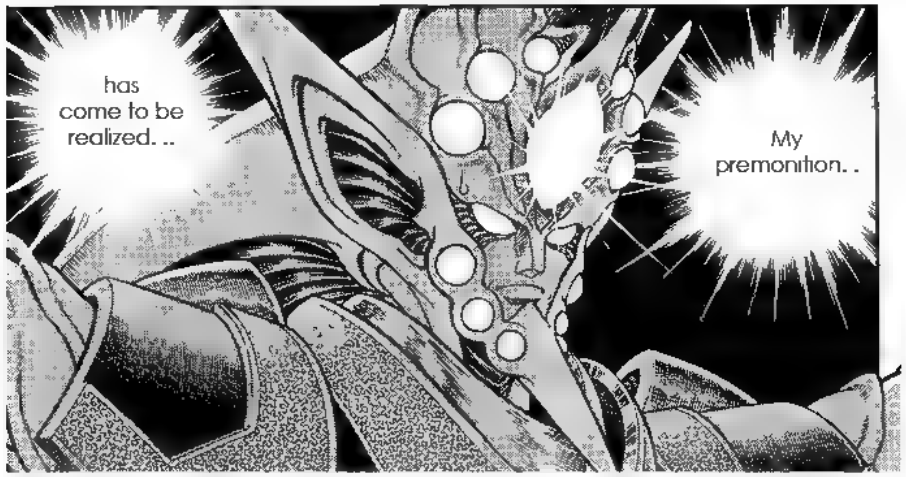
He stopped it!?
My full strength "Gravity Knuckle"....



Makishi-ma-san, you should already know...
that the Gigantic's power is not to be brandished so recklessly like this!!
You won't stop me like that again.
I'll tell you this. .
Oh
If you think that way, then stop me

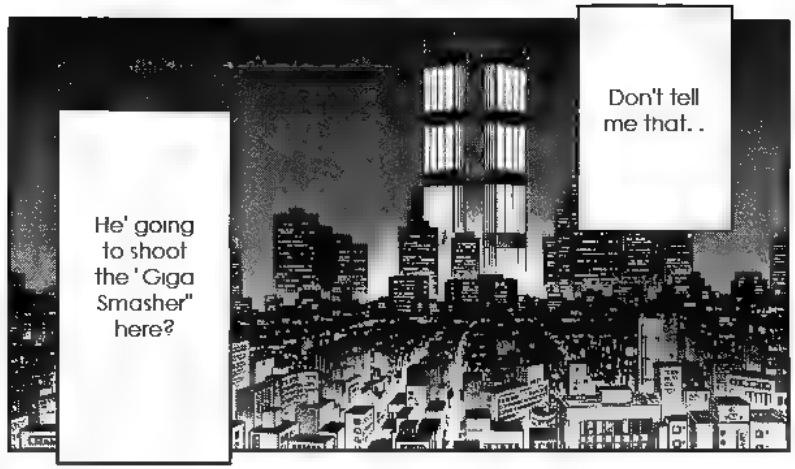
GUYVER ADVOCACY





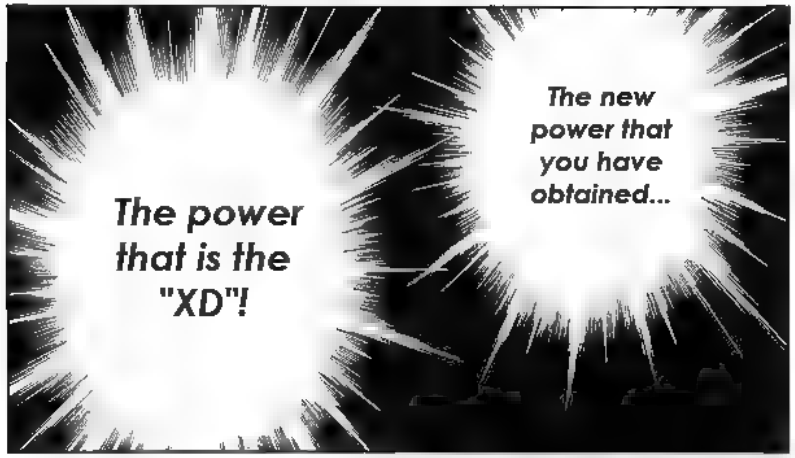
has come to be realized. ..
My premonition. .

and behind that is the unharmed streets of Shinjuku...
Cloud gate is right behind me...

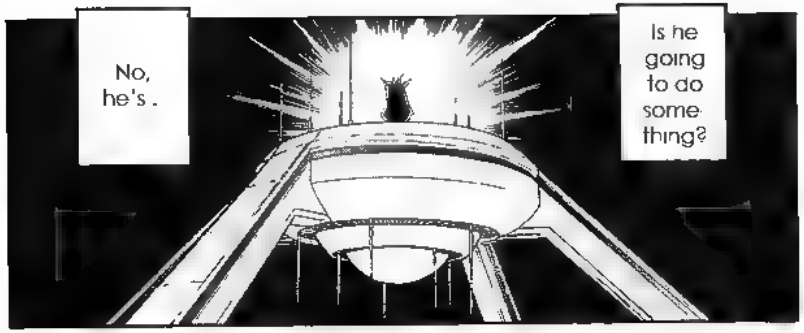


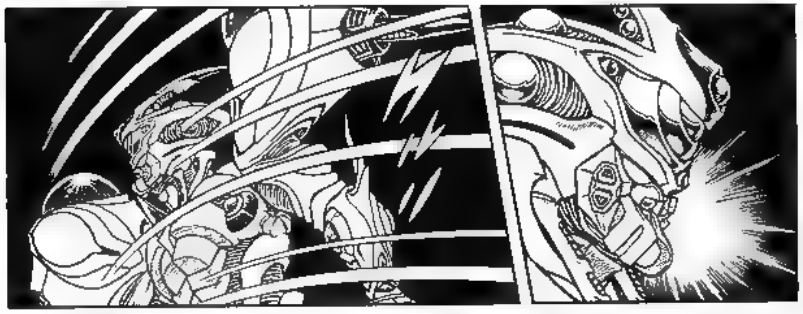
He' going to shoot the 'Giga Smasher" here?
Don't tell me that. .

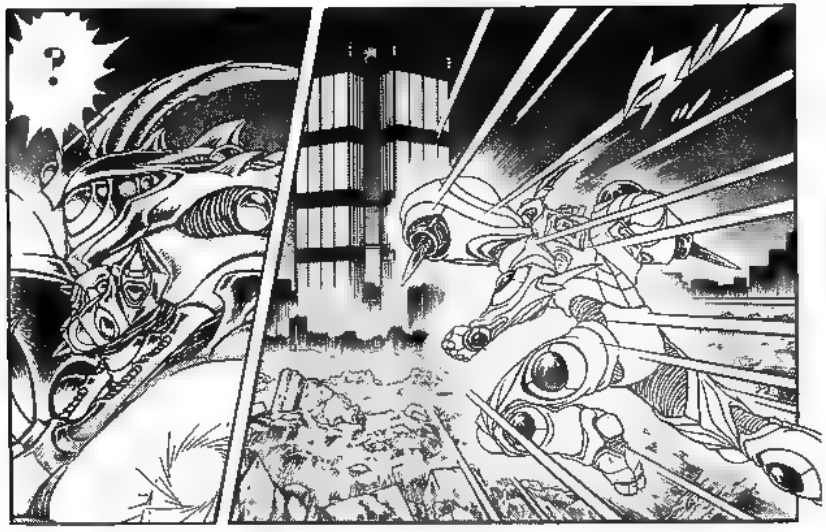
Now, show me Fukama-chi

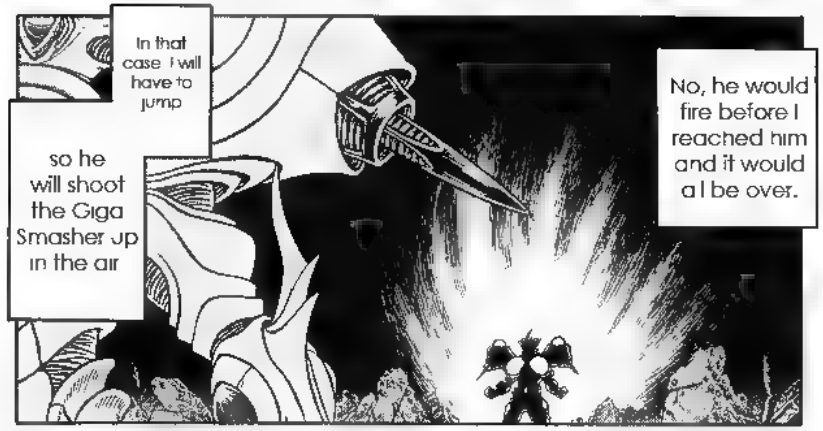


The power that is the "XD"!
The new power that you have obtained...









In that case I will have to jump
so he will shoot the Giga Smasher up in the air
No, he would fire before I reached him and it would all be over.

GUYVER ADVOCACY

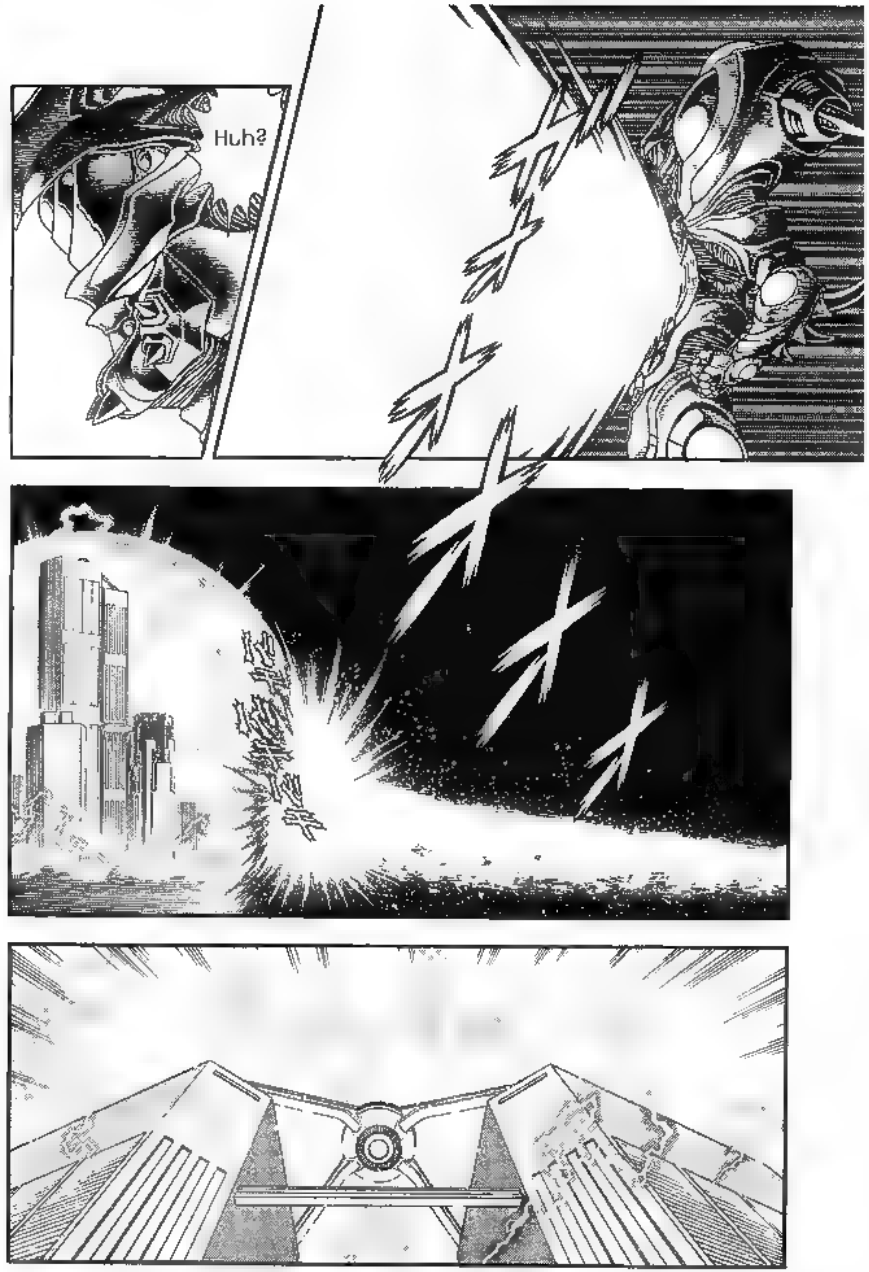
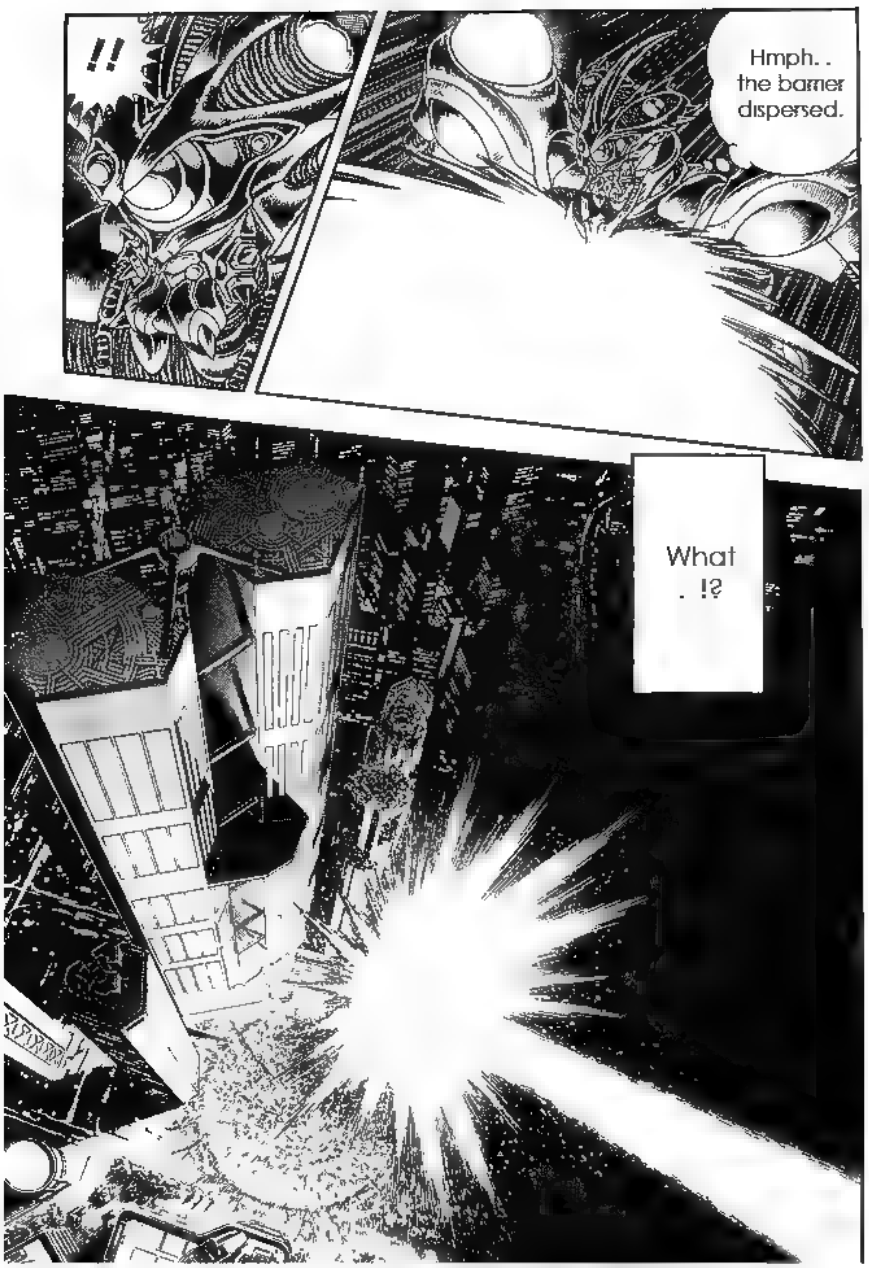
Well then --
It's surprising that it's able to cover that much area
The Zoalord's "protective barrier"



Huh?



!!
Hmph. . the barrier dispersed.
What . !?

Is this it?
Grr . is my barrier not enough?

Thanks to the area of the Zoalord's last minute barrier
I was able to get some time to "Exceed"
